The Bachelor of Social Work

The BSW program at Governors State University instills a unique and empowering philosophy in its students.

Our program is dedicated to the idea that social justice and human rights go hand-in-hand. Our curriculum is dedicated to the idea that the citizens of our communities – those who are vulnerable and marginalized – deserve the care and dignity they need for full and fulfilling lives.

Comprehensive Curriculum

In the BSW program, you'll learn about and understand substance abuse, human behavior and urban environments. You'll discover the legal aspects of Social Work and you'll explore the boundaries and ethics of the profession. You'll gain the insight you need to work with children, families and individuals who may be facing the most critical crises in their lives.

We also offer Child Welfare Certificate for students who are motivated to improve the welfare of children. (See below. Contact the BSW Program Coordinator for further information.)

Full Accredited

The BSW program is fully accredited by the Council on Social Work Education (CSWE).
