PROFILES OF ACADEMIC MAJORS -- FALL 2014

The **Profiles of Academic Majors** (PAM) provides a ten-year longitudinal snapshot of selected enrollment (e.g., headcounts) admissions, degrees awarded and, demographic (e.g., age) statistics arranged by fall term, fiscal year or academic year as appropriate.

The PAM is organized into six major sections. The first section provides data at the university level (all students, all undergraduate students, all graduate students, and all degree-seeking students by undergraduate/graduate level). The next four sections provide data for the colleges: College of Arts and Sciences (CAS), College of Business and Public Administration (CBPA), College of Education (CE), and College of Health and Human Services (CHHS). Each college section begins with summary profiles by undergraduate/graduate level for all of its degree programs. Degree programs are grouped by division/department within college. (An Index is provided which lists all majors within each school by academic level). The sixth section provides profile data for undeclared/non-degree-seeking students that are organized by graduate/undergraduate level.

There are three pages of statistics for each major or summary grouping. The first page for each shows fall enrollment data by selected demographic characteristics and presents counts, as well as percentages, based upon the number of enrolled majors. The second page presents annualized data for each major. Degree counts are shown by fiscal year (as reported to the Illinois Board of Higher Education [IBHE] and other federal and state agencies). The annual counts for applications, admissions, and enrollment were derived from internal

semester reports and are organized by academic year. The third page for each major provides a table of cross-tabulations (e.g., gender by ethnicity) for the current year's fall enrollment data.

Footnotes:

1. **Unduplicated enrollment headcounts:**

Students may be enrolled in more than one degree program. They are counted once in each program they are enrolled in. Counts at the university and college level are unduplicated and do not sum to the total number of students enrolled in individual programs.

2. **New/Revised race categories** effective fall 2008.

Asian/ Pacific Islander Category is Discontinued.

3. **Full-time enrollment calculations:** Undergraduate ≥ 12 , Masters ≥ 9 , Doctorate ≥ 6 .

Part-time enrollment calculations: Undergraduate < 12 , Masters < 9 , Doctorate < 6 .

IBHE FTE calculations are as follows: 1 FTE = 12 student credit hours (SCH) for a graduate student, and 15 SCH for an undergraduate student.

Additional Information: Program Cost Data is no longer reported by IBHE and as of the fall 2014 term program cost data has been removed.

Beginning with the fall 2014 term GSU FTE is no longer included in the PAM. We have provided the calculations for your convenience. **GSU FTE calculations are as follows:** 1 FTE = 12 SCH for an undergraduate student, 9 SCH for a graduate student and 6 SCH for a doctorate student.
