Guests: D. Bordelon, S. Estep, R. Schneider, C. Sexton, A. Valente, A. Vendrely

1. **Call to Order and Agenda:** The meeting was called to order at 1:05 p.m., with quorum, by Faculty Senate President Winicki. There were no additions or changes to the agenda.

2. **Administrative Updates:**

   Budget (including Faculty Senate budget)- **Provost Bordelon** reported that although the state still has no budget, GSU is able to make purchases for instruction, and to support some travel for faculty. She reported that the Faculty Senate budget for this year is $10,000 plus $8,873 carry-forward from last year. She confirmed that this money may fund in-state travel for senate-related meetings (e.g., CIUS).

   Enrollment, freshman admissions, Academic Recovery Program- **Associate Provost Vendrely** reported that of a total of 231 freshmen enrolled this term, 147 participated in Smart Start, and 85% passed Smart Start. Students who failed Smart Start were automatically enrolled in the Achieve program. She also reported that 142 sophomores are enrolled this term.
SEI work group- Provost Bordelon reported that GSU has released a request for proposals to start the process of selecting a vendor to develop new SEIs. Later in the selection process, potential vendors will be making presentations that will be open to everyone.

Electronic portfolios- Associate Provost Vendrely stated that GSU has a contract with Tk20 to develop an electronic portfolio system for use in creating student portfolios and faculty evaluation portfolios. She said, however, that the mechanics are not yet in place to allow multiple evaluation committee members access to electronic faculty portfolios.

Courses taught by Unit A, Unit B and adjunct faculty- Provost Bordelon reported that of a total of 1,400 courses being taught this term, 653 are taught by Unit A, 359 are taught by Unit B and 388 are taught by adjunct faculty.

Dean of Students Valente reported on a proposal to admit freshmen in the Spring semester, proposed to begin in Spring 2016. Freshmen admitted during Spring semester would take selectives during their first semester and then would join that academic year’s freshman cohort the following Fall semester. Valente stated he expects approximately 30 freshmen to take advantage of this later admission, if approved. First-year students would not be conditionally admitted in January. This proposal will soon be brought to the General Education Council for consideration.

Associate Provost Sexton announced new syllabus compliance requirements (attached) that all syllabi now must contain a Title IX statement and an emergency preparedness statement. She said that these statements will be posted on the Provost’s office portal page and should be added to the syllabus template.

Provost Bordelon added that the president of the Student Senate had relayed to her concern from students that GSU has higher standards than other schools for Latin honors on diplomas. During ensuing discussion, senators said that GSU has had higher standards because it previously had only juniors and seniors, who would be expected to make higher grades in courses in their major fields. Now that GSU is a four year institution, however, standards for Latin honors should be reconsidered. Golland suggested that this student concern be communicated to GSU alumni, who may have opinions on the matter.

Provost Bordelon announced that registration for Spring semester begins October 19. She also announced other upcoming events, such as the Family and Friends Weekend in October, and an upcoming visit by one of the authors of AAC&U’s A Crucible Moment.

They also will be discussion the Graduate Capstone Manual, and giving special consideration to digital capstone submissions.
- **General Education Council-** Zell reported that she is meeting with people who taught First Year Seminars (FYSs) last year and this year and working on related assessment. - **Bargaining Unit-** Estep reported that John Miller, president of UPI, will be at the GSU UPI reception at 3:00 today. At GSU, UPI membership is up; GSU also has the lowest number of “fair share” employees. She announced that there will be a Supreme Court ruling soon on fair share. She also announced that the state has stopped payments to CMS, meaning that reimbursement of medical providers will be delayed. Estep and senators discussed the ongoing process of developing new SEIs. Estep said that UPI should work with the Faculty Senate while planning for development of new SEIs, and a UPI representative should be on the GSU committee working on SEIs.
Estep also announced that the GSU UPI chapter has filed a “demand to bargain” related to faculty workload forms.

- **Executive Committee**- Winicki reported that, according to the recent COB census, the college now has 24 faculty, which means that COB should have three seats in the Faculty Senate. The fourth seat will be eliminated. She also announced that there will be a special election for the vacant “at large” seat. She said that the Faculty Senate has made appointments to the Graduate Studies Council, PBAC, the Safety Committee, the Academic Calendar Committee, and the Athletic Committee. Re: Request for Change in Terms of Office for CAS and COB Members

The Educational Policies Committee (EPC) requests that the Faculty Senate extend the terms of office for one of the two EPC members representing CAS and for one of the two EPC members representing COB. This request is made for the following reason:

- Currently, both CAS members of EPC have 2014-2016 terms, and both COB members have 2014-2016 terms.
- For purposes of continuity, staggered terms would be better. In fact, staggered terms are required by the Faculty Senate Bylaws (Article VII, Section 1, A).

One-year term extensions (i.e., to the end of 2017) for one CAS and one COB member would provide the required staggered terms. Designation of the members whose terms of office will be extended could be based on mutual agreement.

Thank you for your consideration of this matter.

I. A student may elect to repeat a course.

II. A student may repeat a GSU course by reregistering for it during a term subsequent to the initial registration for the course.

III. 

A. The highest grade awarded for all attempts will be the assigned grade. The lower grades will remain on the transcript with an “R” to indicate a repeated course.

B. This is an automatic process and no explicit student request to the Registrar will be necessary.

IV. Exceptions: There are courses which are exceptions to the above. For example, topics courses may be repeated several times, and every grade earned will remain on the transcript. Other courses may need to be repeated several times. Such exceptions will be clearly laid out in the syllabus as submitted to the UCC, and will be so indicated in the course catalog. In the event a student wishes to replace a grade for such courses, the student must make that request in writing to the program coordinator.

Revised April 21, 2015

Effective 2/26/96
GRADING AND STATUS POLICY

I. Purpose
The purpose of this policy is to provide a standard protocol for student grades and academic status in courses.

II. Determination of Grades
A. At the completion of the work for a course, a letter grade will be determined by the instructor.
B. The method(s) of evaluation shall be described in the course syllabus.

III. Official Transcripts
A. An official transcript lists all coursework registered for, corresponding grades or status, and grade point average.
B. Prior to Fall 1979, no letter grades were assigned:
   1. Credit hours were earned based on demonstrated achievement of specified competencies;
   2. Only courses in which credit was earned appear on the transcript.

IV. Letter Grades
The following letter grades shall be used:

   A = Superior performance
   B = Above average performance
   C = Average performance
   D = Marginal performance
   F = Failure
   P = Pass
   NC. = No credit earned in a course taken under the pass/no credit grading option.

V. Student Status in Courses
The following codes may be used to identify the status of the student in a course:

   W = Student initiated withdrawal
   X = Administrative withdrawal
   I = Incomplete
   E = Extended incomplete
   M = Grade missing at time of processing
   R = Repeated course
   CO = Continued Registration
A student may register to audit a course during the add/drop period upon paying the required fee.

- The registration will not appear on the transcript.
- Registration requires instructor approval.
- All attendance and work are determined by the instructor.
- No credit can be earned for courses taken or completed under this status.

VI. Incomplete Status
A. Granting an “I” or “E” grade shall be within the following limits:

1. **Incomplete**: An instructor may grant an incomplete to a student if, in the judgment of the instructor, the reasons for the non-completion of the coursework are acceptable.

   The time allowed for completing unfinished coursework will be determined by the instructor but will not exceed two weeks before the end of the subsequent term.

2. **Extension of Incomplete**: A student may petition the college in writing for an extension of time beyond the time allotted by the instructor for the completion of unfinished work.

   a. An extension on the basis of extenuating circumstances beyond the student’s control and/or for valid academic reasons may be contracted with the instructor subject to the dean’s approval.
   
   b. The extensions shall not exceed two weeks before the end of the subsequent term.

B. To graduate, all grades of incomplete (I or E) must be removed by the date posted by the Registrar.

C. After the deadline for submitting work has passed, an incomplete (I) or an extended incomplete (E) will become an "F" for graded courses and an "NC" (no credit) for pass/no credit courses.

VII. Continued Registration Status
CO designations are granted for specific courses that are program-designated capstones, practica, internships, or fieldwork, as well as for other types of projects as deemed appropriate by the program. CO indicates student is in good standing and makes him or her eligible for registration in the subsequent term.

A. In the subsequent term(s), the original CO course will be continued under a separate numbered directed scholarship course in which the assignment expectations for the term are agreed upon by the student and the instructor.

B. The course may be repeatable according to program policy.
C. At the end of the term for the separate directed scholarship course, a grade of “Pass” will be submitted if the agreed upon assignment is completed or if the student is given permission to register again in the directed scholarship course.

D. If by the end of the term all requirements have been completed for the original course to which CO designation was given, the faculty member will assign a letter grade to the original course and assign a “Pass” for the directed scholarship course under which the original course was continued.

E. If the requirements related to CO designation are not satisfied at the end of the term and the student is not given permission to register again in the directed scholarship course, the faculty member will assign a letter grade to the original course for which the CO designation was given and assign a “No Credit” grade for the directed scholarship course under which the original course was continued.

VIII. Change of Grades Recorded by Registrar
A. Once a grade has been recorded in the Registrar’s student data base, additional work cannot be submitted to raise the grade.

B. Once a grade has been recorded by the Registrar, corrections may be made only as a result of either:

1. a formal grievance proceeding completed within the timelines set forth in the university grievance procedures; or

2. a grade correction petition approved by the faculty member, division/department chairperson, and dean and filed with the Registrar on or before the end of the term subsequent to the term in which the grade was initially given.

IX. Repeating a GSU Course
For Repeated courses, see Policy 47

X. Academic Standing
Academic Standing shall be determined three times a year, after the deadlines for submission of grades for each term.
A. The grade point average will be computed on the basis of A=4, B=3, C=2, D=1, and F=0.
B. These are the only grades that will be used to compute the grade point average.
C. Undergraduate: An undergraduate student must maintain a "C" (2.0) average to be in good standing.
D. Graduate: A graduate student must maintain a "B" (3.0) average to be in good standing.

XI. Pass/No Credit Grade
A. Degree programs may request to use the pass/no credit grading option for all students for a specific course.
1. The request must be approved by the Division/Department Chair and the Dean.

2. These courses will not be included in the grade point average computation.

B. Undergraduate: An undergraduate degree-seeking student may choose to take a graded course on a pass/no credit basis only if the course is an elective in the student's degree program.

   The maximum number of elective hours which may be taken on the pass/no credit basis is twelve (12).

C. Graduate: A graduate student may not elect the pass/no credit grading option for regularly graded courses which are used to fulfill any degree requirements.

D. Any student wishing to change his/her grading option for (a) course(s) must do so by the end of the add/drop period for the term in which the course(s) is (are) offered.
