The online registration screens will ask you to indicate your roommate(s). It is helpful, if you are requesting a specific roommate, if you and your roommate register at the same time. We will do our best to honor your request, but cannot guarantee this if the registrations come in at a different time. If you do not need a hotel room, please select the Commuters option. During the online registration process, please type all names into the box (only one field is available) of all roommates you are requesting and separate with commas. We appreciate your careful attention to this process.

If a roommate is not indicated, roommate(s) will be assigned. If you are willing to have random roommates assigned so you can register at a lower rate, please type "please assign any" in the box (only one field is available) that asks you to specify roommates during the online registration process. **We encourage professional behavior at all times during the conference.**
