Take note:

## CDIS Prevention Activities for 2014-2015

Requirements **BEFORE** participating:

**Professional Liability Insurance:** Approximately one month after your academic courses begin and during the entire time you are enrolled in practicum, you must have proof of professional liability insurance.

*Note: You will not be allowed to participate in the required prevention activities or to register for practicum without proof of professional liability insurance.*

### **Criminal Background Check**

Approximately one month after your academic courses begin and during the entire time you are enrolled in practicum, you must have a completed criminal background check on file.

*Note: You will not be allowed to participate in the required prevention activities or to register for practicum without a completed criminal background check.*

Requirements **AFTER** participation:

- Participation in prevention activities requires follow-up discussion and completion of report writing in the CDIS department **AFTER** the services have been provided. This will be scheduled by each faculty member coordinating specific prevention activity you are involved in.
- Students must complete self- assessments after participating in the prevention activity.
