

Achieve Your Professional Dreams and Goals

GSU nursing programs prepare nurse leaders who address the challenges of local, regional, national and global healthcare reform. Our nursing programs focus on providing quality, holistic care, creating healing environments and building caring communities. The GSU nursing faculty includes Advanced Practice Nurses, seasoned educators and doctorally-prepared researchers who provide students with an exceptional educational experience.

Health Care for Adults

A healthy life – that’s probably at the top of nearly everyone’s wish list. Our advanced practice Clinical Nurse Specialist concentration will prepare you to help orchestrate a healthy life for adults. You will provide care to adults in a variety of settings and serve as an expert educator and consultant to healthcare institutions.

Our Master of Science in Nursing CNS in Adult Healthcare Concentration program will prepare you for leadership as an Advanced Practice Nurse. As a CNS, you will set standards of care for adults.

Built for You — the Working Nurse

The Master of Science in Nursing CNS in Adult Healthcare Concentration is offered in a manner that considers the needs of the working nurse.

Learn More!

Take the next step in your career.

Application deadlines are: Fall term – May 1, and Spring term – October 1.

Applications are accepted through NursingCAS, <http://nursingcas.org/>.

Students admitted into the concentration must begin their course of study in the Fall or Spring semesters.

Applications accepted year-round through NursingCas, <http://nursingcas.org/>

Students admitted into the concentration must begin their course of study in the Fall or Spring semesters.

Department of Nursing Special Admission Requirements

In addition to meeting university admissions criteria, applicants must:

- Have a baccalaureate degree with a major in Nursing from an accredited nursing program in a regionally-accredited college or university;
- Have completed the following undergraduate courses or their equivalent: Nursing Research, Nursing Health Assessment and Statistics;
- Have a current and valid license as a registered nurse;
- Have submitted the required biographical sketch/personal statement form www.govst.edu/chhs/dn/msn/biosketch
- Have a cumulative GPA of 2.5 or higher in all undergraduate courses and a GPA of 3.0 or higher with a grade of "C" or better in all upper-division nursing courses. Applicants who do not meet the GPA requirements or who have graduated from non-graded baccalaureate programs may be conditionally admitted. A GPA of 3.0 must be maintained for the first nine hours of work completed. If a 3.0 GPA is not maintained, the student must petition the Nursing program for continued enrollment.

Applicants with degrees from countries other than the United States must have their credentials evaluated through the GSU Office of Admissions to determine eligibility for admission. Applicants must assume all responsibility for fees associated with testing. All required credentials must be on file in the Office of Admissions, as well as sent through NursingCAS, before an applicant can be admitted to the program.

All applications are completed through NursingCAS. For more information, please contact NursingCAS at 617.612.2880 or nursingcasinfo@nursingcas.org

Other Requirements

Once accepted into the program, information regarding health and other program specific requirements will be sent to the student. These requirements must be met prior to enrollment.

Degree Requirements

Students must meet all university requirements for a master's degree. In addition, students must:

- During the last semester of the program, pass a comprehensive examination and/or presentation over the major area of study as determined by faculty. This examination/presentation will be evaluated by graduate faculty. It may be repeated only once;
- A student may repeat one nursing course only once in which a grade of "D" or "F" is received.
