

The Master of Social Work (MSW) Program

Social Work Practice Grounded in a Social Justice Ethic

GSU's Master of Social Work program prepares advanced social work professionals to provide services to socially and economically vulnerable children, families and adults. The primary goal of our program is to prepare highly qualified, competent, advanced social work practitioners grounded in a social justice ethic.

Two programs

Full MSW Program: This program consists of 60 credit-hours in the foundation and advanced curriculum for students who have not earned the baccalaureate social work degree. The Master of Social Work program does not offer credit for life experience.

Advanced Standing Program: This program consists of 32 credit-hours of course work in the advanced curriculum. This option is restricted to prospective students who have already completed a baccalaureate degree in a social work education program accredited by the Council on Social Work Education (CSWE) within seven years from the date of application to GSU's MSW program.

Three Specialized Concentrations

After completion of the Social Work foundation curriculum, or upon admission to the Advanced Standing program, students specialize in one of three concentrations:

The Children and Families Concentration: This concentration prepares graduates for employment in social service agencies serving children, adolescents and families.

The School Social Work Concentration: This concentration prepares graduates for practice in primary and secondary schools. To be admitted to the School Social Work Concentration, students must take and pass the Illinois Test of Academic Proficiency (TAP) and successfully complete the School Social Work Content Area exam. Successful completion of the School Social Work Concentration leads to the School Social Worker licensure endorsement.

The Holistic Practice and Wellness Concentration: This concentration prepares graduates to provide empirically-informed best practices that emphasize bio-psychosocial/spiritual and non-pharmacological frameworks integrated with traditional social work methods in primary care settings.

Fully Accredited

The MSW program is fully accredited by the Council on Social Work Education.

How to Apply

Apply to the Master of Social Work Program at www.govst.edu/chhs/msw/apply. To talk to a representative of the MSW Program, call 708.235.3997.

FACT

Social Work is expected to grow faster than the average for occupations through 2014, increasing as much as 26 percent.*

MSW Curriculum

Both full-time and part-time options are available for the completion of the MSW degree. The full-time program is offered over a two-year period. The part-time program, offered over three or four years, is designed to be accessible to students who cannot complete their education on a full-time basis.

MSW Liberal Arts Prerequisite Requirements

A liberal arts foundation that includes course work in the following areas:

- Behavioral/Social Sciences (Equivalent of 9 credit hours);
- Science/Mathematical reasoning, which must include human biology and statistics (Equivalent of six credit hours);
- Humanities/Fine Arts (Equivalent of six credit hours).
