

Governors State University Corporate Education and Training

Corporate Education and Training Mission Statement

At Governors State University we believe that investing in lifelong learning leads employees toward more satisfying, productive working lives. It also enhances job performance, teamwork and overall corporate competitiveness. That's our mission, to help any company become an industry leader through training that works.

Established in 1969, Governors State University is experienced at offering great educational value through degree and certificate programs as well as special topic education opportunities. Classes are offered on campus at convenient times and off campus at convenient locations. More than 8,000 students enroll in GSU every year. Students increase their skills, qualifications and opportunities through GSU programs.

Governors State University Corporate Education and Training — We Bring Technology to You!

Companies that invest in employee professional development know it pays for itself. It creates a more satisfying, productive work environment leading to enhanced job performance, teamwork and overall corporate competitiveness.

At Governors State University, our mission is to help your company become an industry leader through training that works. We provide training and business development resources and opportunities throughout the region.

On-Site Programs

GSU's Corporate Education and Training options bring the training to you. On-site course offerings include a wide range of topics from industrial technology to human resource certification. GSU is your regional headquarters for workforce preparation, employee training, business development and technology deployment.

Customized Training

Governors State University's customized training option provides the opportunity for your company to receive detailed attention to the learning and development needs specific to your company's culture. GSU will work with you to assess the learning needs of your employees and collaborate to prepare an instructional design, development and delivery strategy that meets your needs. Our goal is to build customized training with objectives that are tied to your organization's strategic plan to enhance skills, increase productivity and drive revenue growth. Our staff is ready to help meet the demands of your training needs.

On Site Customized Training from GSU

- We can bring the training to your location. No travel!
- It allows you to receive training that exactly meets your needs. No wasted time!
