### CAMPUS SAFETY

Governors State University is committed to maintaining a safe environment for all members of the University community. As part of this commitment, the University requires all applicants to disclose pending criminal charges or criminal convictions, or educational disciplinary separation from an educational institution by answering the six Campus Safety Questions below. The completion of the Campus Safety Questions is a mandatory part of the Governors State University admissions process. Applications in which an applicant answers 'yes' to any of the Campus Safety Questions will be reviewed by the University prior to an admission decision.

Governors State University does not necessarily deny admission simply because an applicant has a history of criminal or civil offenses or disciplinary matters. In making admission decisions, GSU considers a number of factors, including, but not limited to, the nature, number, and date of offenses in light of the requirements for participation in its programs. If you do not disclose your complete history here, regardless of your reason, GSU may, upon discovering your failure to disclose, subject you to discipline up to and including denial of admission, revocation of admission, suspension or dismissal after matriculation, or revocation of degree.

### SECURITY INFORMATION NOW AVAILABLE

EDECHMAN ADDITION CHECKLIST

GSU is committed to assisting all members of the community in providing for their own safety and security. The annual security compliance document is available on the GSU website at <a href="https://www.govst.edu/cleryact">www.govst.edu/cleryact</a>. The website contains information on campus security and personal safety, including crime prevention, university police law-enforcement authority, crime reporting policies, disciplinary procedures, and other important matters about security on campus. It also contains statistics for the three previous calendar years on reported crimes that occurred on campus, in certain off-campus buildings or property owned or controlled by GSU, and on public property within or immediately adjacent to and accessible from the campus. This information is required by law and is provided by the GSU's Department of Public Safety.
