EXPERIENCE

Hunter- Bellevue School of Nursing

Hunter College, City University of New York

425 East 25th Street, New York, New York. 10010

September 2003 –present

Acting Dean, 2011. Provide leadership over operations of all programs; oversee school and division academic programs; responsible for faculty recruitment, development and evaluations; foster high quality environment of academic teaching, research and intellectual achievement. (January-June 2011)

Assistant Dean, Curriculum & Technology, 2008 – 2011. One of two Assistant Deans responsible for administrative oversight of curriculum in all programs, initiation of innovative pedagogies using technology when appropriate, faculty development, and new programmatic initiatives.

Director, Undergraduate Programs, 2004- 2011. Responsible for academic mission of the undergraduate programs. Representing interests of undergraduate nursing education in academic planning, university governance, and clinical placements throughout the New York City area. Oversight of the undergraduate curriculum, academic advising, and a variety of student activities for 250 generic undergraduates, 50 accelerated second degree students, and 600 students in the baccalaureate completion program for RNs with associate degrees.

Professor, 2009- present; Associate Professor, 2003-2009; Early Tenure 2006.

Duties and outcomes include:

- a. Creation of partnerships for academic and clinical education within CUNY and externally. Partnerships created with CUNY community colleges for streamlined RN-BS programming, funded by Robert Wood Johnson Partners in Nursing Program; CUNY Regional Simulation Center; New York Presbyterian network; Weill Cornell Medical School and others.
- b. Creation of CUNY-wide consortia for faculty development in teaching with technology.
- c. Creation of faculty development programs for full time and adjunct faculty
- d. Provided leadership in innovative and creative curriculum development and teaching.

- e. Led the incorporation of instructional technology developments into the curriculum, particularly the use of simulation, virtual reality, and electronic health record models.
- f. Led the application to the National League for Nursing to be named a Center of Excellence, 2010.
