

TIP: Add your GSU ID# to your LiveText Account

Q: Why do I need to have my GSU ID# included in my LiveText account profile?

A: It's critical so that your account will be matched up properly with the instructors' course accounts for all the classes in which you are enrolled. You will then be able to use the LiveText materials that your instructors design for use with your professional courses.

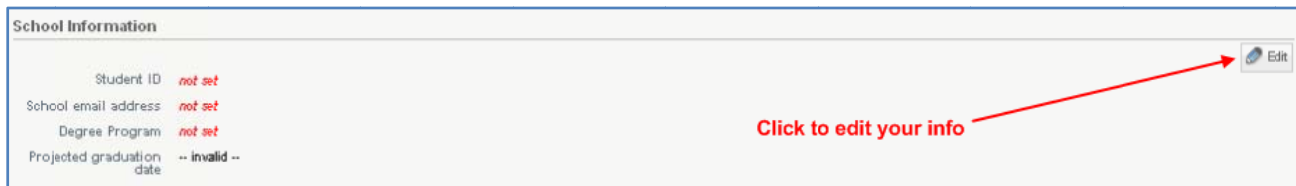

Here's how to add your GSU ID# to your account:

1. Log in to LiveText at <http://c1.livertext.com> the username and password you created when you first registered your account.
2. Click on "My Account" near the upper right corner of the LiveText display.

This will take you to the LiveText "Account Information" page.

3. Scroll down the "Account Information" page until you come to a section called "School Information." It will look something like this:

4. In order to add or edit your information, click on the "Edit" button at the far right of the section. This will open a screen called "Edit school information." Type or select your information in the spaces provided. Don't forget to click on the "Save" button when done!
