From the Director's Desk...

- We are excited to serve the timeless classic – the PB&J (peanut butter and jelly sandwich)
- Have you tried your burger on a whole wheat bun?
- Fish served every Friday through Easter
- Check out our farm fresh lettuces at the salad bar. Rainbow Farms in Channahon, IL provide us lettuces picked fresh daily!
- Our Earth Day menu features sustainable, local, organic food products. We will be serving those products in recyclable and biodegradable food containers. Let's help take care of the earth for future generations!

Did you know???

The first Earth Day in 1970 helped inspire the United States Environmental Protection Agency and the passage of the Clean Air, Clean Water, and Endangered Species acts. Earth Day Networks estimates that 500 million people from 4,500 organizations in 180 countries will participate in Earth Day events during the month of April.
