

2016 INCLUSIVE LEADERSHIP CONFERENCE

STOP THE VIOLENCE

LISTEN, LEARN, LEAD!

SATURDAY, NOVEMBER 12, 2016

The Inclusive Leadership Conference aims to help our campus community understand and appreciate our diverse identities through self-awareness and encouraging freedom from misconceptions and prejudices through social justice education.

This year's conference speaks to how violence impacts multiple identities of diversity. Participants will learn how help to recognize the ways their backgrounds and skills can play an influential role in ending violence through social change — one leader at a time.
