Evaluation of Practicum Experience by Student

Name of University Supervisor_____ Year _____ Semester_____

The purpose of asking you to complete this instrument is to provide information to the university supervisor about your perception of his/her supervision. These evaluation forms are used to provide feedback to the supervisor about the quality of his/her supervision.

For each field experience there may be different expectations regarding the number of times the supervisor is to visit and/or the number of seminar sessions. This information should have been included in the syllabus you received at the beginning of the course. Below are listed the bare essentials of this information. Please check the line for the Educational Administration course in which you are enrolled.
