

## About CRCC

Our purpose is to provide recovery support services to individuals in or seeking recovery from alcohol and other drugs, who may or may not have co-occurring mental health issues.

## WE ARE PEER DRIVEN & PEER-LED

Chicago Recovering Communities Coalition (CRCC) is a nonprofit Recovery Community Organization. We are committed to adopting the ROSC mission to develop a sustainable ROSC Council and build a ROSC within the Westside Community. CRCC will support each ROSC Council to set goals and objectives to develop and grow Recovery Oriented Systems of Care within their individual communities.

## WE NEED YOU TO HELP TODAY!

The central focus of a ROSC is to create an infrastructure or "system of care" with the resources to effectively address the full range of substance use problems within communities.

Join the Westside ROSC Council and help bring together Westside organizations to create a locally managed Westside system of care.

*This project is supported in part by the Illinois Department of Human Services Division of Substance Use Prevention and Recovery, as part of the Social Services Block Grant award from the Federal Administration for Children and Families (G-1801LSOSR)*

## What is ROSC?

ROSC is a “coordinated network of community-based services and supports that is person-centered and builds on the strengths and resilience of individuals, families, and communities to achieve abstinence and improve health, wellness, and quality of life for those with or at risk of alcohol and drug problems”.

## Westside ROSC Goals

The overall goal is to advocate and assist with guiding and monitoring the development of an integrated system of recovery by creating a shared vision to improve availability of services by building a sustainable ROSC Council.

## Westside ROSC Objectives
