

SOUTHLAND RECOVERY COALITION

Recovery-Oriented Systems of Care (ROSC)

MEMBERSHIP PROTOCOL

WHO IS SOUTHLAND RECOVERY COALITION? SRC, is comprised of four organizations which include: Cornerstone Community Development Corporation, NFP, YORR Consulting Group, Lights of Zion Training Institute, NFP & Reassemble Education and Training, Inc. SRC endeavors to create a recovery-oriented system of care in the south suburban region of Cook & Will County. These counties include but limited to Ford Heights, Calumet City, Chicago Heights, Glenwood. Lansing, Lynwood, Sauk Village, and the southeastern corridor of Will County, which includes parts of Park Forest, Steger, and University Park; along with Crete, Monee, and training/community workshop(s) in Joliet. Individually, our partners have been hard at work to provide a supportive recovery community and believe that the formation of a ROSC Council will significantly help to expand that work while building a holistic, comprehensive network of services. Systematic effort to develop a robust public health approach focuses on the prevention of substance use problems in the general population while changing communities and restoring lives.

WHAT IS ROSC (Recovery Oriented System of Care):

A Recovery-Oriented Systems of Care (ROSC) are networks of formal and informal services developed and mobilized to sustain long-term recovery for individuals and families impacted by severe substance use disorders [and mental illness]. The system in ROSC is not a treatment agency, but a macro-level organization of a community, a state, or a nation. (*William White*)

WHO IS INVOLVED IN ROSC IN THE STATE OF ILLINOIS? The Lead Agencies of the ROSC Councils currently participate in a Monthly Learning Collaborative call to develop linkages with ROSC Councils throughout the state to establish a consistent and collaborative approach to a statewide ROSC. The Lead Agency will also participate in quarterly in-person statewide ROSC meetings in the Chicago area.

ROSC Councils

- SRC –Cornerstone Community Development Corp. (Southlands – Cook & Will County)
- WCIR Council - Bridgeway, Inc. (Knox, Warren, Henderson, and Henry Counties)

- FSRI - Transforming Educating and Empowering Children and Humanity (TEECH, South Suburban Chicago)
- Bridgeway, Inc. (McDonough and Fulton Counties)
- Human Service Center (Randolph and Washington Counties)

WHAT ARE THE GOALS OF THE SRC ROSC?

Our goals aim to build a sustainable ROSC council to accomplish the following:

- Create a council that encourages and cultivates unity for the recovering individual, families, and friends.
- Strengthen a culture of partnership and collaboration with local providers, businesses, law enforcement, criminal justice, faith-based and veterans organizations, schools, child welfare, public health, and healthcare systems,
- To provide community education prevention, reduce stigma, and allow for more significant opportunities for individuals and families to achieve wellness and thrive in their communities
- Fully involve clients and families in orienting the Southland toward a Recovery-Oriented System of Care
- Develop supportive communities that foster growth, respect, and understanding of those who have issues in the areas of substance use and mental health.
- Implement effective community integration and mobilize the community as a resource for healing
- Facilitates a culture of peer support and leadership throughout the communities.
- Create mechanisms for sustained support
- Promote hope, and encourage community stakeholders to commitment to implementing and sustaining a recovery-oriented system of care
- Motivate, inspire, and energize people to overcome challenges
- Create an organizational culture consistent with recovery values that will allow voices to be heard
- Develop surveys to show validity to concerns and share with those who can assist with making some changes.
- Promote ROSC and the community issue as much as possible.
- Create a culture in our communities that encourage and nurtures recovery
- Build the capacity and infrastructure to support a recovery-oriented system of care

GOALS *(continued)*

- Develop surveys to show validity to concerns and share with those who can assist with making some changes.
- Promote ROSC and the communities issue as much as possible.
- Create a culture in our communities that encourages and nurtures recovery
- Building capacity and infrastructure to support a recovery-oriented system of care
- Encourage community stakeholders to commitment to implementing and sustaining a recovery-oriented system of care
