

Hour House -Cumberland County ROSC Council Meeting Minutes October 18th, 2021

Members Present: Nancy Phillips, Pauline Cade, Kristen Davis, Karen Cook, Sarah Ruholl, Liesl Wingert

Membership Sharing:

Nancy: Nancy shared that she will be speaking at two conferences this Fall. She is also planning the family education series she will provide to ROSC communities via Zoom this Winter.

Kristen: Kristen reported that they have started their Prevention Curriculum “Project Alert” in Cumberland middle Schools. Kristen also shared National Prescription Drug Take Back day is October 23rd. Prevention provided ROSC and community members educational flyers about the event.

Karen: The newspaper articles continue to be published in both Toledo and Neoga newspapers on a schedule. Provided an update on the social media video ad campaign that addresses “what recovery means” to that individual. The stories will be produced through a video platform and will go live through the holiday months. She will send follow-up reminders to the individuals who volunteered to write an article for the newspaper. She will continue to contact stakeholders in the community.

Sara: Voiced community concern on lack of transportation. Sara mentioned advertising Rides Mass Transit to the community more. There seems to be confusion that the public transport system only serves the elderly population. Sara and Karen will continue to have conversations on how to address the issue.

Liesl: Provided insight on Rides Mass Transit. RMT continually searches for additional grant funding to better support Cumberland County. Liesl will send a formal email to the RMT Director Jeffery Drake and introduce Karen.

The next Cumberland County meeting will be held on November 15th, 2021 at 4:30pm
