Minutes

- Outside communication includes mainstream media, leaders, and academia

Barriers to communication:

- Virtual meetings
- Inconsistent attendance

Objectives:

- Increase partnership value to the Consortium by connecting agencies and members to specific trainings, referral sources, etc.
- Access resources on shared database
- Position Consortium as an expert in substance use treatment delivery within this community
- Engage a diverse range of stakeholders interested in improving recovery outcomes in M&M counties and throughout the state

Poll on additional objectives:

- Create communities of recovery that encourage and integrate resources for recovering individual, families, and friends ***75% poll votes and voted in-person as well**
- Collaborate with professionals, peers, formal and informal services to support the recovery process to the greatest extent possible ***50% poll votes and voted in-person as well**
- Increase access to and capacity, proper placement, and quality of care, as well as retention for those in recovery ***50% poll votes**
- Promote ROSC and Safe Passages program through social media, state website, public broadcasting (radio, tv), newspapers, and public service announcements ***25% poll votes**
- Create working email list of all community stakeholders ***25% poll votes**

Mission Statement:

"To treat, recover, restore, and renew the cultural, social, economic, and family systems that are systematically and generationally broken and distorted."

* This can always be amended later, and it is used for internal communication, not external

Goals:

- To be a force in the community, to disseminate information, to establish a community, to better work with one another. The better the communication, the better chance to develop sustainability that helps us maintain and improve our work
- Reduce stigma and increase engagement among community members and especially among marginalized populations
- Improve awareness of substance use and mental health through education and outreach
- Cooperate across sectors, perspectives, and lived experiences
- Advocate for Macoupin & Montgomery counties and for individuals with substance use disorders
