2. Crossing Health Care Parenting and Pregnant Program- Simone Houston
Simone gave a great presentation on the Pregnant and Parenting program at Crossing Health Care. If you are pregnant or have a baby less than 1 year old and suffer from a substance use disorder you qualify. They provide housing, parenting classes, resources and outpatient substance use services. There is not a time limit on how long you are able to stay in the program. This resource service the whole state of IL. They currently have 6 women in the program.
3. Generation Found Update-
ROSC has rented the Orpheum theatre for the evening of July 22. There will be a panel of 4 individuals to speak and answer any question regarding their experience with substance use in adolescence. ROSC is currently looking for agencies to provide resources that serve teens to attend the event.

This project is supported in part by the Illinois Department of Human Services Division of Substance Use Prevention and Recovery, as part of the Social Services Block Grant award from the Federal Administration for Children and Families (G-1801ILSOSR)

ROSC Mission:

“Collaborating to build and empower communities of recovery”

ROSC Vision:

- People can and do recover.
- Individuals and families determine the supports and services they need.
- Services and supports are continuous and cohesive across different phases of care and are coordinated across the various agencies involved in their delivery.
- Support of recovery is a community responsibility and value.
- There is inherent flexibility in the system, so it can be responsive to different pathways to recovery.
- Measuring quality and outcomes is a system priority.

ROSC Values:

- Recognize the right of a person to direct their own recovery
- Recognizing that there are many models of, and paths to, recovery
- Operate with integrity and a sense of personal responsibility
- Include the “voice” of peers, family members, and the community in planning and decision-making
- Implement programs with competency and good stewardship
- Empower individuals and families

- Embrace cultural diversity

ROSC Goals:

- Inform, educate and empower individuals and communities
- Determine existing services available as well as the needs to expand necessary services in the areas of prevention, treatment, peer recovery support and systems improvement
- Partnerships that are rich and diverse
- Increase in the number of people pursuing recovery, improving recovery capital to strengthen capacity to build and maintain lives in recovery and build recovery sustainability
