ROSC Mission:

“Collaborating to build and empower communities of recovery”

ROSC Vision:

- People can and do recover.
- Individuals and families determine the supports and services they need.
- Services and supports are continuous and cohesive across different phases of care and are coordinated across the various agencies involved in their delivery.
- Support of recovery is a community responsibility and value.
- There is inherent flexibility in the system, so it can be responsive to different pathways to recovery.
- Measuring quality and outcomes is a system priority.

ROSC Values:

- Recognize the right of a person to direct their own recovery
- Recognizing that there are many models of, and paths to, recovery
- Operate with integrity and a sense of personal responsibility
- Include the “voice” of peers, family members, and the community in planning and decision-making
- Implement programs with competency and good stewardship
- Empower individuals and families
- Embrace cultural diversity

ROSC Goals:

- Inform, educate and empower individuals and communities
- Determine existing services available as well as the needs to expand necessary services in the areas of prevention, treatment, peer recovery support and systems improvement
- Partnerships that are rich and diverse
- Increase in the number of people pursuing recovery, improving recovery capital to strengthen capacity to build and maintain lives in recovery and build recovery sustainability
