**Communication Plan** – Tia shared Suboxone is going well. We have 46 patients. 44 of those are OUD (opioid use disorder) and 2 are AUD (alcohol use disorder). Groups are going well. Bement has moved its meeting day and time to Sunday's from 4 pm to 5 pm so they can attend the Wednesday meeting in Monticello. Group members have reported that this has been very helpful and that Sunday attendance has been great!

### **Naloxone trainings:**

There will be a Naloxone training for Cerro Gordo first responders/fire protection. Tony will go and provide this training. Tony will also take a box of leave behind bags to leave with the fire department as well. Bement Public Library will have a Naloxone training scheduled during the summer, early fall.

**This Month's Activities** – The murder mystery is in the works of being rescheduled. The theater company had to reschedule last minute. The evening was not lost as there was good food and fellowship as well as a recovery story shared. There will be an announcement when this occurs. Expert Panel will be held 5/19.

**Deliverables:** Tia discussed the Impact Report that will be due June 30. Tia explained that this is our last deliverable for the fiscal year. This report will consist of data, feedback, and highlighted improvements along with our identified challenges and strategies.

**Sector Speakers** – Tia along with the group went over all of the questions for the expert panel. This was a good conversation as the young lady who will be on the panel as a youth/family member was able to assist with making the questions easier to understand. It was also decided that there will be NO recording or live feed of the discussion to ensure safety of the minor on the panel.

The June edition of the newsletter was also discussed. MaryJo will get the information for the front page article about the Atwood police dog. Cassandra will be the member spotlight and the community resource highlighted will be the Help Book from the public health department.
