All Recovery Support Meetings are based on the philosophy that people from every recovery pathway have much in common and can benefit from sharing together. These meetings offer a place where people can share their recovery experiences, with an emphasis on the hope and healing of recovery and how recovery has changed our lives.

All Fellowships, Family and Friends are welcome. Speakers from multiple fellowships will share their experience, strength and hope.

ABOUT ANONYMITY: If you include your full name or sign in using an email that contains your last name, other participants WILL see your full name in the participant list. If you dial in via phone, only your phone number will be displayed. Others WILL be able to see the full number in the participant list.

Thank you for your support!
