#### **New Initiatives and Updates:**

- We are currently waiting to confirm the availability of a volunteer to provide free back-to-school haircuts for youth in need.
- DCFS will be contacted to ensure they are informed about our ROSC efforts and opportunities for collaboration.
- Life Skills programming has officially launched in partnership with the Drug Court Team, helping participants build critical competencies for long-term recovery and stability.
- Discussions also focused on navigating legal challenges faced by individuals in recovery and identifying local, community-based resources for ongoing support. These efforts are already making a meaningful impact and directly reflect the shared mission of our ROSC: to build a comprehensive, person-centered recovery network.

#### **Supply Closet & Donations:**

- The ongoing need for donations to stock our supply closet was emphasized. This resource remains essential to breaking down everyday barriers that hinder recovery by ensuring individuals have access to basic hygiene and personal care items.

#### **Additional Council Actions and Discussions:**

- Planning has begun for interagency meetings in both Greene and Scott Counties. These meetings aim to strengthen cross-sector collaboration and improve service coordination across agencies.
- The Council agreed to begin publicly displaying monthly ROSC service data through Facebook posts and printed flyers. This move is intended to enhance transparency and community engagement.
- A monthly ROSC Council Planning Committee meeting will be scheduled at the beginning of each month to organize efforts, establish priorities, and increase the overall effectiveness of our initiatives.

#### • [Member Updates](#)

- Just as a reminder, there is a Member Orientation on the 3<sup>rd</sup> Wednesday of every month where new members can join to learn about ROSC, our work and the direction of our council
