

# FY25 IMPACT REPORT

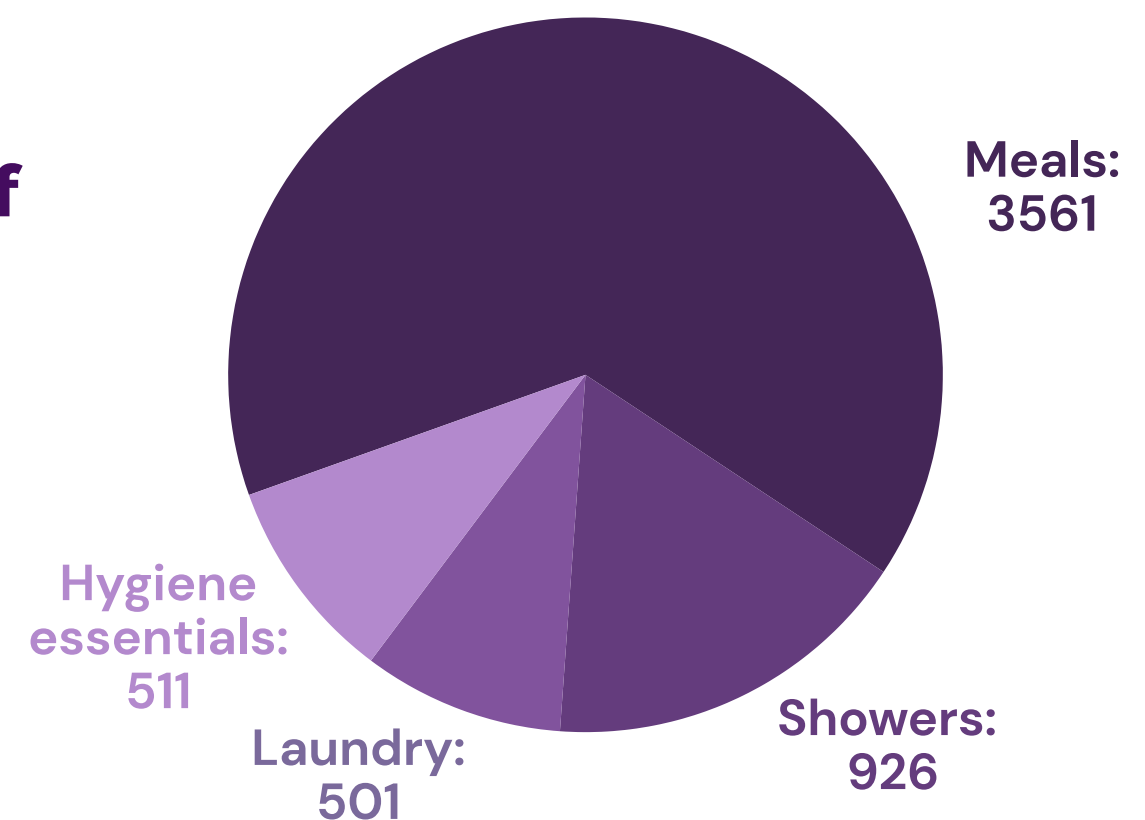

Through two resource centers in our service area, we provide peer support, meals, hygiene services, and essentials to support and promote recovery helping to raise awareness of addiction and recovery services in our communities.

*"I'm so grateful for the Resource Center and my peer support. Having someone who understands and a place to turn to made all the difference in my recovery." – Marion Resource Center Participant*

Total Individuals Served: 2162

October 2024– May 2025

*"An overdose kit saved my life. Without it, I wouldn't be here today to get help and start my recovery." – Anonymous Participant*

Harm reduction services play a critical role in reducing stigma by meeting people where they are, promoting safety, and fostering compassion in the response to substance use.

September 2024– May 2025

- Individuals trained to administer Narcan: 53
- Narcan kits distributed: 2263
- Overdose kits distributed: 109
- Test Strips distributed: 980
- Number of Individuals served through outreach: 603

By launching five new recovery support groups across the counties we serve we're expanding access to vital peer led resources helping to increase equity and support long term recovery in rural communities.

- |                           |                        |
|---------------------------|------------------------|
| 1 Smart Recovery          | 4 AA (Espanol)         |
| 2 Alcoholics Anonymous    | 5 Invitation to Change |
| 3 Chrystal Meth Anonymous |                        |

*"Before this meeting started, there was nowhere to go and no one to talk to here. Now I have a place to be heard and to heal. I can't wait to watch this meeting grow." – AA Meeting Member*
