

FY25 IMPACT REPORT

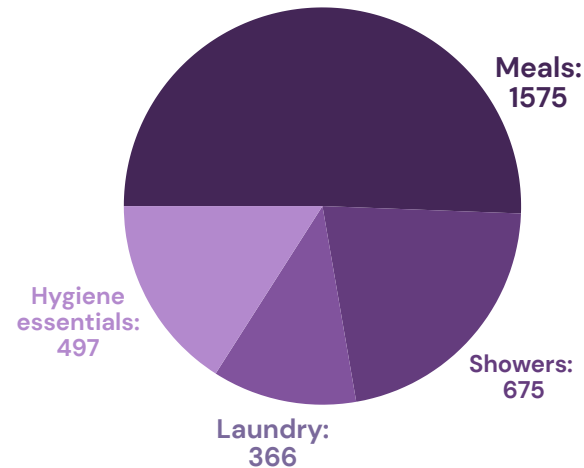

Through our Carbondale Resource Center, we provide peer support, meals, hygiene services, and essentials to support and promote recovery helping to raise awareness of addiction and recovery services in our communities. By creating a safe and welcoming space, we empower individuals to take steps toward recovery.

"Today, I am 6 months clean! I am so thankful for you and everyone here. I really am!" - Carbondale Resource Center Participant

Total Individuals Served: 1448

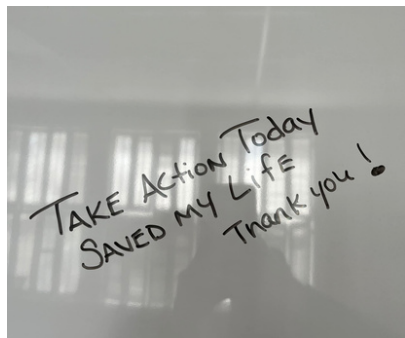

October 2024- May 2025

Harm reduction services play a critical role in reducing stigma by meeting people where they are, promoting safety, and fostering compassion in the response to substance use. These services not only save lives but also build trust, creating a pathway to recovery and support.

September 2024- May 2025

- **Individuals trained to administer Narcan: 22**
- **Narcan kits distributed: 1169**
- **Test Strips distributed: 1184**
- **Number of Individuals served through outreach: 402**

By operating a crisis warming center this winter, we were able to clearly see the urgent need for a safe, warm space during dangerously cold temperatures. Our goal was to support individuals from underserved populations, helping to improve equity by meeting their basic needs in a time of crisis.

"The warming center gave me safety, warmth, and hope when I had nowhere else to go." - Carbondale Crisis Warming Center Participant
