- Guests/Visitors
 - n/a

Agenda Items

1. Welcome/Introductions: Attendees introduced themselves and shared basic information including place of employment and title. Daniel Hutchison shared information about the impact starting a new ROSC (St. Clair County and Madison County are now separate ROSC areas) will have on existing lead agency staff:
 - a. St. Clair County: existing staff Angella Holloway/new hire starting 8/11/25 Conswala Jones

- b. Madison County: existing staff Mark Knott/new hire starting 8/1/25 Kaitlyn Wilson
- 2. Basic ROSC Presentation provided by Daniel Hutchison (slide deck attachment provided for reference):
 - a. Brief history and context of what a ROSC is
 - b. What are the goals of a ROSC/Challenges that a ROSC works to address
 - c. What areas the St. Clair County ROSC will focus on:
 - i. Addressing gaps in awareness of mental health, substance abuse, and recovery support services
 - ii. Addressing stigma connected to harm reduction and the use of MAR services
- 3. Next Steps
 - a. Soon a survey will be sent requesting you to share your availability for a reoccurring monthly meeting. We'll collect info about day of the week, time, and type of meeting (in person/virtual) and make a decision that accommodates the most people. If the selected meeting time does not work for you please know that your input in the council can still be very important and valuable.
 - b. Work will be done in the coming weeks to finalize membership protocols. There will not be a formal document or agreement for membership, but basic goals and expectations will be outlined. We will also be recruiting (and we ask all of you to as well) new council members from each of the sectors outlined in the presentation and also people with lived experience to establish an advisory board.
 - c. Establish and identify members for subcommittee workgroups in line with the two focus areas found in item 2c of this document. Participants at today's meeting outlined below have expressed interest (thank you!!) in participating in these work groups. We are, of course, looking for additional members:
 - i. Jason Farley stated he is open to serving on either work group and suggested recruiting Tyrone Hill to serve also
 - ii. Dustin Pearcy stated he is open to serving on the project aimed at increasing awareness of services (found in 2ci above)
 - iii. Kirsten Peterson stated she is open to serving in either work group and stated she may have a staff who can also serve.
- 4. Meeting adjourned, next meeting date is to be determined. Email correspondence will be coming soon. Thanks to all of you who were able to make our Kickoff meeting and also to those of you who reached out to let us know you want to engage!
