

COMMUNITY SURVEY

EDDR Cook

ABSTRACT

The Community Survey includes questions to measure the level of awareness of all resources available in the ROSC Council coverage area and potential gaps.

Thank you for assisting us by completing this Survey. The purpose of this survey is to measure public opinion on issues related to recovery. The information collected will be used to identify areas for improvement in our community. Your responses are confidential so please answer the questions honestly and to the best of your ability. Thank you for completing this survey.

What is Recovery: Recovery is a process of change through which individuals improve their health and wellness, live a self-directed life, and strive to reach their full potential.
