Strategic Plan

What is a
ROSC?

We strongly believe:

- *Recovery is possible!
- *Individuals may have many paths to recovery and recovery can look different for everyone.
- *People in recovery and their families can and should determine the services they need.
- *Strong recovery communities translate to improved community health outcomes.
- *Addressing co-occurring mental health, economic, and social issues to create an integrated approach to recovery can improve outcomes for people struggling with Substance Use Disorder.
- *Words matter. Addressing stigma around recovery, Medicated Assisted Recovery (MAR), and substance use disorder (SUD) can help increase understanding and opportunities for life in long term recovery.

Bond County Recovery Council

BCRC Vision: Working together to build and maintain safer and healthier communities of recovery and hope.

BCRC Mission: To empower the Bond County communities to support prevention and recovery through awareness, policy, education, stigma reduction and access to quality services.

Core Role of a ROSC Council

- Fostering collaborations and maximizing combined strengths and resources of diverse stakeholders to achieve meaningful impact and positive change in your communities
- ROSC councils focus should be big picture, systemic changes, implementation of systems that will outlive the life of a ROSC council
- Trainings in Harm Reduction, Recovery 101, Addiction 101, and Health & Wellness are open to everyone and offer a great opportunity to build understanding and awareness.
- Coalition Outreach should be for coalition engagement not for recruiting clients for services
- Implementing organizational policy changes, advancing evidence-based practices such as harm reduction and medication-assisted recovery, increasing public awareness, and addressing broader societal and systemic challenges.

When ROSC Councils identify a need or gap in their community, it's not for the ROSC to do the work but for the ROSC to champion the need for it, to identify the relevant stakeholders, and to facilitate the development of a collaborative response.

The goals of each Illinois ROSC Council will include:

1. Reducing stigma
2. Promoting Medication Assistance Recovery and other ev
3. Promoting harm reduction
4. Ensuring effective service delivery
5. Prioritizing equity

Strategic Plan

Goal #1-Address STIGMA Surrounding Substance Use

Goal #2-Enhance Recovery Support Networks through RCO and ROSC Collaboration

Goal #3-Prioritizing Equity in Rural Communities

Goal #1-Address STIGMA Surrounding Substance Use

-Bond County Recovery Council to have stigma reduction messaging on 50-100 yard signs in multiple Bond County townships.

-The Bond County Recovery Council will develop a "Anti-Stigma" Campaign that will have several phases to it. The first step is creating a video of People with Lived Experience from Bond County sharing about their experiences with Stigma.

-The Bond County Recovery Council will continue with their Anti-Stigma Campaign by creating buttons people can wear with Anti-Stigma messages, have table tents in local businesses with a QR code that takes you to the video, have stickers and car clings with Anti-Stigma messages, and create Anti-Stigma posters to hang throughout the community.

-Increase the reach of the Anti-Stigma message by giving interviews to local media outlets and through social media.

YARD SIGNS

Goal #2-Enhance Recovery Support Networks through RCO and ROSC Collaboration

- Continue meetings with the Next Network, an RCO serving Montgomery and Macoupin Counties to extend their services to Bond County.
- Have conversations with local stakeholders as to why a Recovery Community Organization would be beneficial in Bond County and positive change that could be brought to Bond County.
- Have a discussion with the Next Network about a physical space to be located in Bond County.
- Partner with Next Network to understand where their funding comes from and how Bond County can create some funding streams to support the efforts of the RCO in Bond County.

Welcome to The Next Network!

We are a regional R.C.O. (Recovery Community Organization) that provides direct non-clinical peer recovery support services and support to three counties in South Central Illinois – Montgomery, Macoupin, and Bond.

Goal #3-Prioritizing Equity in Rural Communities

- Ensure people with substance use disorder have reliable affordable and accessible transportation to essential services like healthcare, jobs, food and recovery meetings.
- Enhance opportunities for healthy and nutritional food supplies to people with lived experience throughout Bond County.
- Promote successful education materials and training to promote job equity for a recovery community.
- Develop a ROSC Town Hall meeting to engage with community residents, stakeholders, and law enforcement for collaborative engagement.
- Secure affordable housing for the PLE's in Bond County Community.
