

Logan/Mason ROSC (Recovery Oriented Systems of Care) Recovery Community Survey

The purpose of this survey is to measure public opinion on issues related to recovery. The information collected will be used to identify areas for improvement in our community. Your responses are confidential so please answer the questions honestly and to the best of your ability. Thank you for completing this survey.

Substance Use Disorder (SUD): A complex condition in which there is uncontrolled use of a substance despite harmful consequences

Recovery: The process of improved physical, psychological, and social well-being and health after having suffered from a substance use disorder.

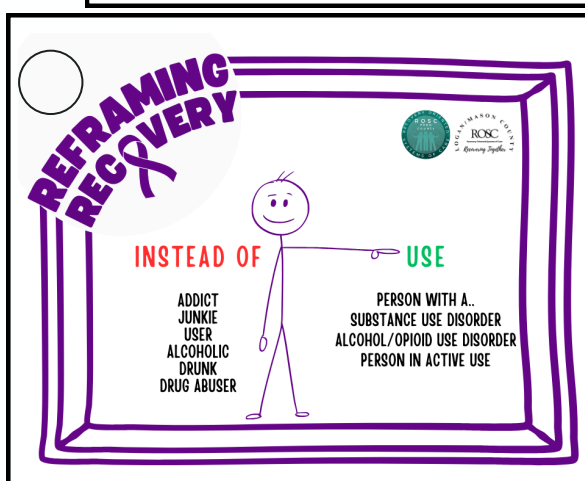

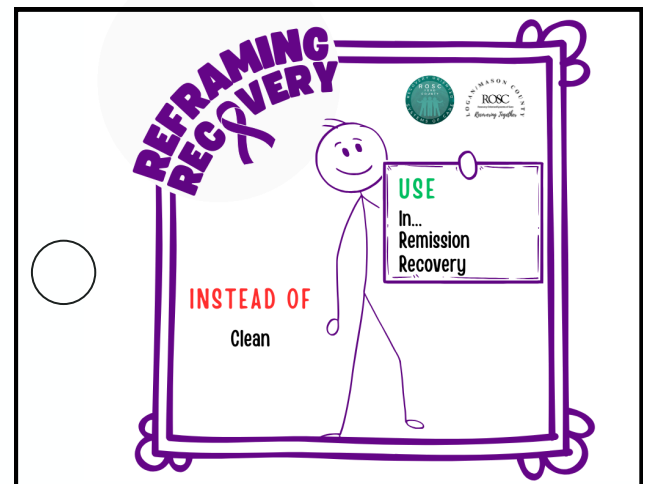

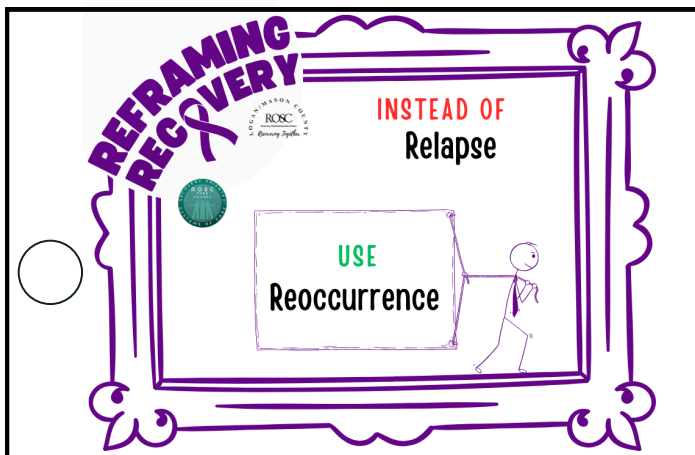

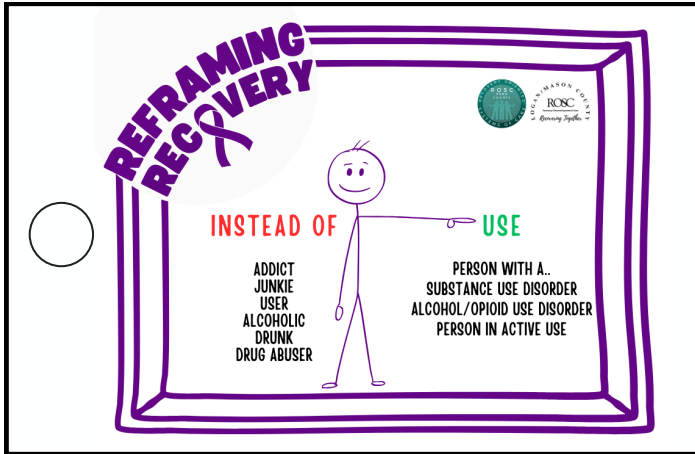

Harm Reduction: Policies, programs and practices that aim to reduce the harms associated with the use of alcohol or other drugs.

Narcan: A lifesaving medication that reverses the effects of an opioid overdose.

We are working with Ford County ROSC to create a Stigma Reduction Campaign about Recovery. We need your feedback to help us do our best in sharing this campaign with others.
