Brandi – PLE 21. Lynsey Glass – Bridgeway Peer Support – PLE

The October meeting for the West Central Illinois ROSC was a success. We had great sector representation. There were 21 people in attendance for our hybrid meeting. Chance Uhland gave a very informative presentation about the Galesburg Rescue Mission. Chance covered the layout of the building and the low barrier requirements for the homeless shelter that can also serve as a faith-based recovery program. Chance provides case management and peer support for the male population of the mission. He also highlighted how anyone (even people who are banned from the shelter) can come there and eat breakfast, lunch and dinner. His entire presentation was met with support and enthusiasm. WCI ROSC council brainstormed ideas for more survey distribution. Many new and innovative ideas and efforts were announced. Because of these new ideas, our survey numbers doubled in the week that followed!!!! We also discussed and reviewed our upcoming community resource pages. This went well and the council thrived on new additions and updates. WCI ROSC coordinator has met with the ROSC council, subcommittee groups, and superiors to discuss the strategic plan and the growth and development of the WCI ROSC.

Welcome

ROSC

ROSC Mission:

Welcome

ROSC Mission:

“Collaborating to build and empower communities of recovery”

ROSC Vision:

- People can and do recover.
- Individuals and families determine the supports and services they need.
- Services and supports are continuous and cohesive across different phases of care and are coordinated across the various agencies involved in their delivery.
- Support of recovery is a community responsibility and value.
- There is inherent flexibility in the system, so it can be responsive to different pathways to recovery.
- Measuring quality and outcomes is a system priority.

ROSC Values:

- Recognize the right of a person to direct their own recovery
- Recognizing that there are many models of, and paths to, recovery
- Operate with integrity and a sense of personal responsibility
- Include the “voice” of peers, family members, and the community in planning and decision-making
- Implement programs with competency and good stewardship
- Empower individuals and families
- Embrace cultural diversity

ROSC Goals:

- Inform, educate and empower individuals and communities
- Determine existing services available as well as the needs to expand necessary services in the areas of prevention, treatment, peer recovery support and systems improvement
- Partnerships that are rich and diverse
- Increase in the number of people pursuing recovery, improving recovery capital to strengthen capacity to build and maintain lives in recovery and build recovery sustainability
