Please join us for a rare opportunity to experience the expansive working studio of Chicago artist Terry Karpowicz. A wide range of artwork will be on view, spanning multiple series and offering insight into the evolution of Karpowicz's practice. Highlights include maquettes for *Stargazing with Contrails*, installed at theNate in 2021, as well as works related to *Art Ark*, acquired by theNate in 1983.

Rooted in a deep commitment to craftsmanship, Karpowicz's work is characterized by expert wood joinery, the thoughtful combination of contrasting materials, and, at times, kinetic elements. His aesthetic is equally informed by an engagement with minimal forms, a sense of the sublime, and a layered consideration of history and ideas.
