

Community Survey

Please answer this brief survey to assist our **Recovery Oriented System of Care (ROSC) Program** to better address the needs of the Southern Seven counties of Illinois. Results will be reviewed anonymously at upcoming Monthly ROSC Council Meetings and assist the program in completing their updated Community Asset/Resource Map. Your input is greatly appreciated! Personal information is not requested or recorded when completing this survey.

For any questions regarding completion of this survey please reach out to Emily Middleton, Senior Director of Prevention and Advocacy, at emily.middleton@myarrowleaf.org

<u>Prevention and Recovery Beliefs</u>	1 - Strongly Disagree	2 - Disagree	3 - Neutral	4 - Agree	5 - Strongly Agree
People who use drugs deserve respect.					
People with a mental illness deserve respect.					
Medication Assisted Recovery – MAR (which is the use of medications to treat substance use disorders e.g., methadone or buprenorphine to treat opioid use disorder) is an effective treatment for substance use disorders.					
It is difficult to find healthcare providers who offer Medication Assisted Recovery – MAR (which is the use of medications to treat substance use disorders e.g., methadone or buprenorphine to treat opioid use disorder) in my community.					
Harm reduction services like Narcan and syringe service programs reduce the risks of drug use.					
It is difficult to find harm reduction services like Narcan and syringe service programs in my community.					
It is difficult to find mental health and substance use treatment services in my community.					
We should increase government funding on treatment options for mental health and substance use disorders.					
Everyone in my community can get help for mental health regardless of income level, insurance status, race, ethnicity, primary language, disabilities, gender identity, sexual orientation, or citizenship status.					
Everyone in my community can get help for substance use regardless of income level,					

insurance status, race, ethnicity, primary language, disabilities, gender identity, sexual orientation, or citizenship status.
