How to Login to “Student Learning & Licensure (formerly Via)” for the First Time

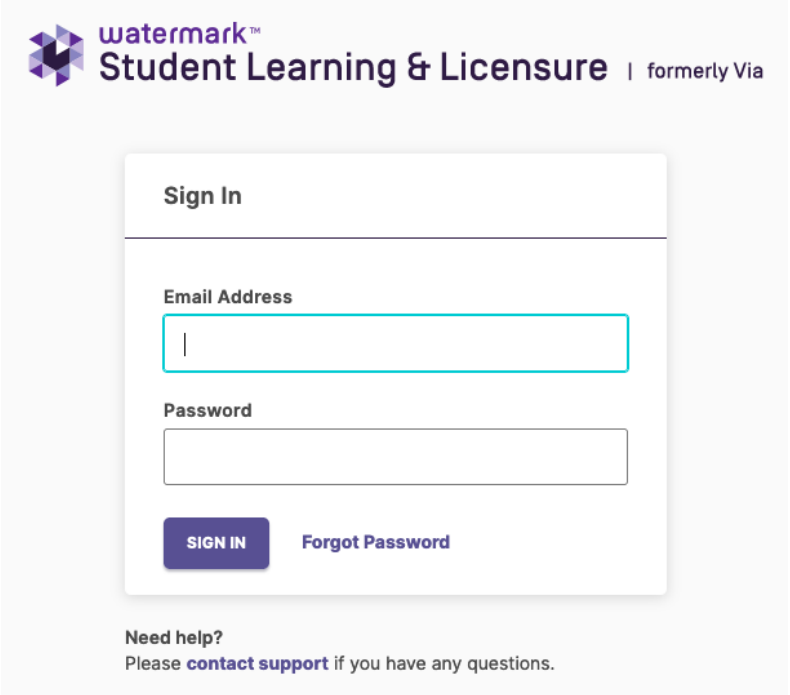

For best results, please be sure to use Google Chrome or Mozilla Firefox on a desktop or laptop computer. Internet Explorer, Edge, and Safari are not supported browsers, and Via is not mobile-friendly.

1. Login directly by inserting https://sll.watermarkinsights.com into your web browser's address bar.

2. The login page will appear. Please login using your full GSU email address as your username.

Examples:
Faculty AND Students = example@govst.edu

Blackboard Questions?
Email: blackboard@govst.edu Phone: (708) 534-4115

3. The default password has a specific format. You will change this after your initial login to the SL&L (Via) website.

Format → GOVSTYYYYMMDD

- GOVST must be in ALL CAPS
- YYYY represents all 4 digits of your birth year
- MM represents both digits of your birth month
- DD represents both digits of your birth day
- If MM or DD is a single digit, you must use a leading zero

Examples:
If your birthday is September 18, 1975,
your default SL&L (Via) password would be

GOVST19750918

If your birthday is November 5, 1994,
your default SL&L (Via) password would be

GOVST19941105

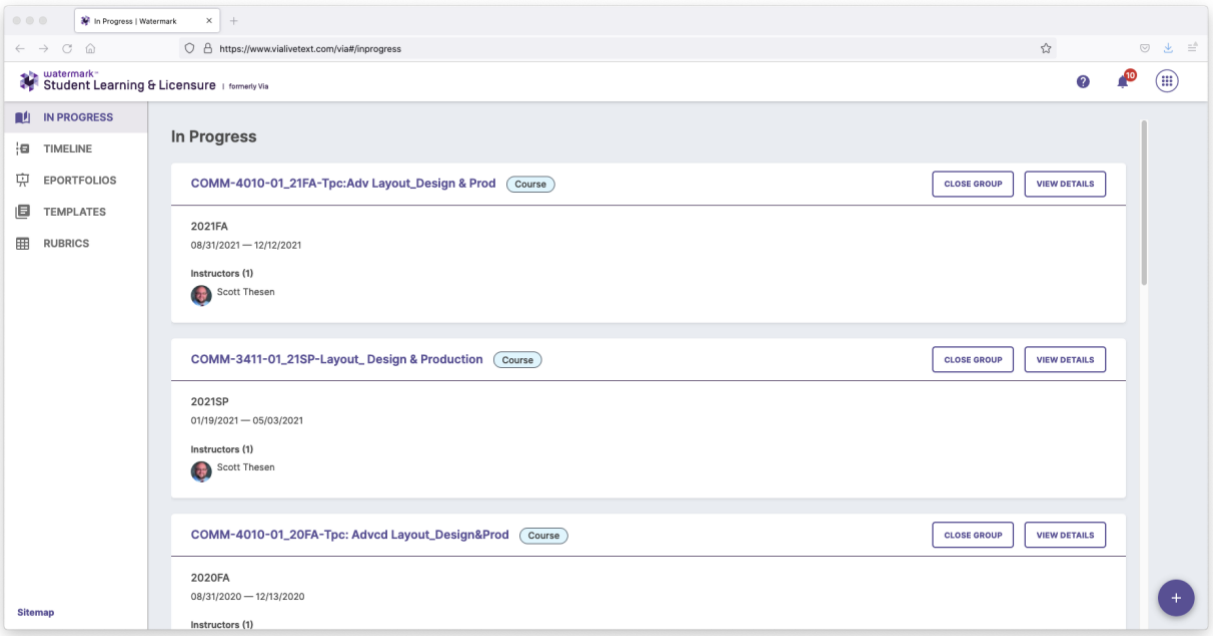

4. Once logged in you will be prompted to do each of the following:

- Accept the User Agreement
- Create your new Password

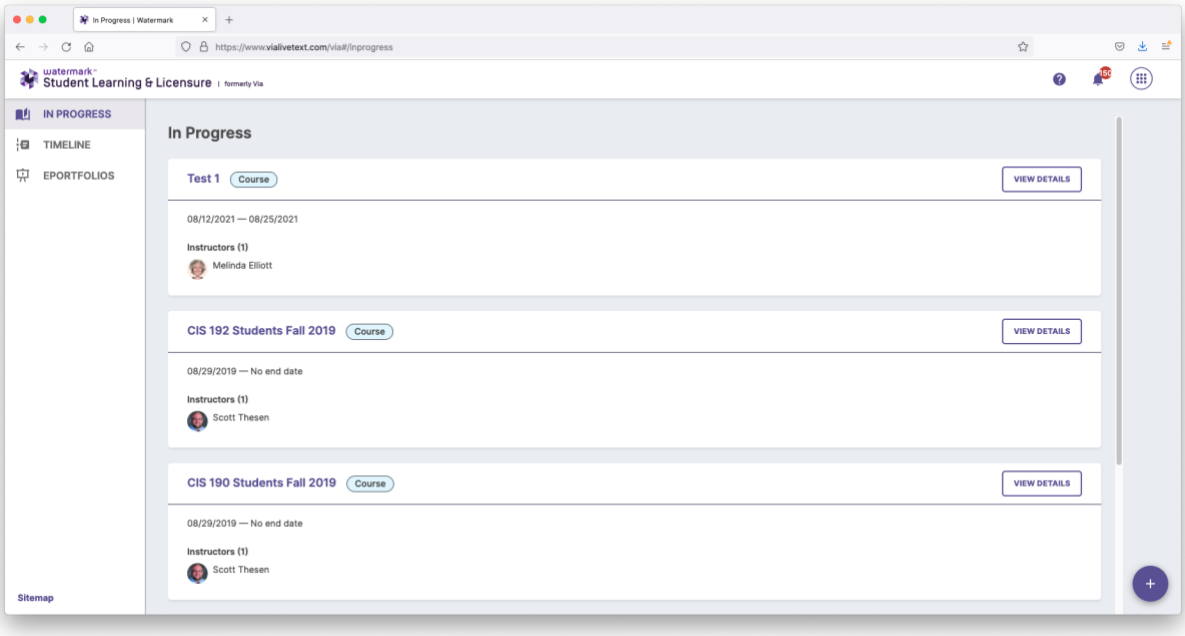

Via (SL&L) is not linked to GSU's single sign-on system, even though your username is your GSU email address. It is recommended that you take note of your Via (SL&L) password because if your GSU password ever changes, your Via password will not.

5. Once on the landing page you will see all of the courses where you are a member. Faculty and students will have slightly different navigation menus on the left. The most recent courses will always appear at the top of the list.

Faculty Example:

Student Example:

Because SL&L (Via) is a cloud based service and not linked to the rest of GSU's systems, if you were to ever lose or forget your SL&L (Via) login information you would need to contact Watermark Support at 800-311-5656 or support@watermarkinsights.com.
