How to Submit Panopto Video in Blackboard using Mobile Device

Prerequisite: We recommend using a mobile browser, such as Chrome or Firefox and prerecording using your mobile devices webcam.

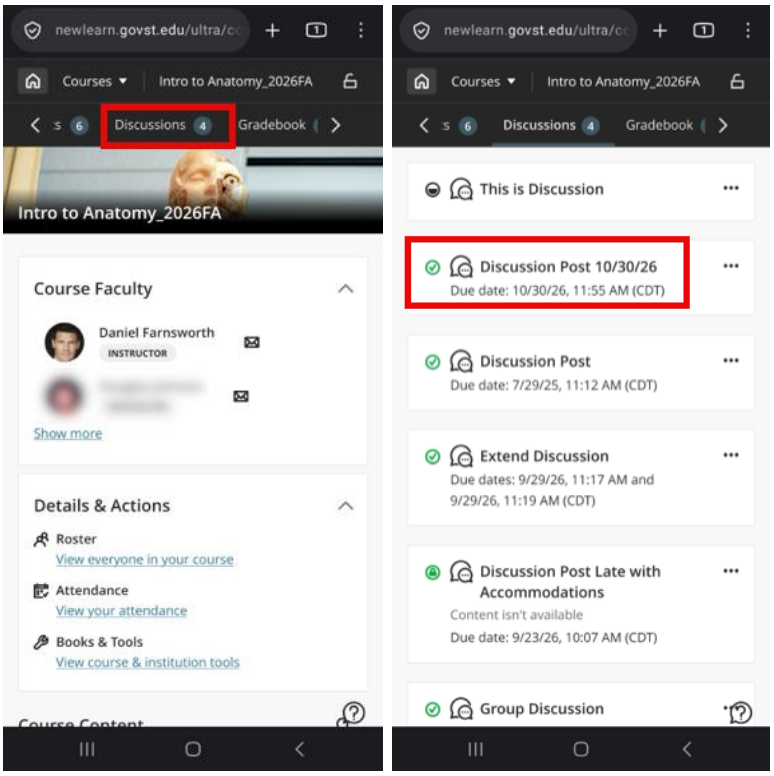

Open a browser, such as Chrome or Firefox on your mobile device. Login to Blackboard. Select the three lined icon in the upper left corner to open the menu.

Enter a Blackboard course.

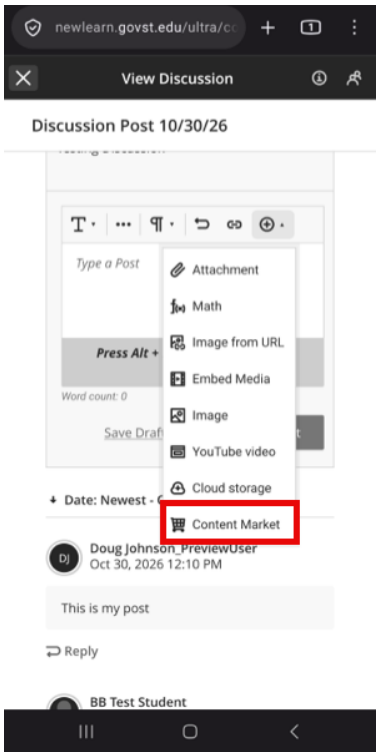

Open a discussion forum by selecting the Discussions tab at the top of the page, then selecting the discussion forum.

Email: blackboard@govst.edu Phone: (708) 534-4115

The video will take some time to process and will be marked with a green checkmark when complete.

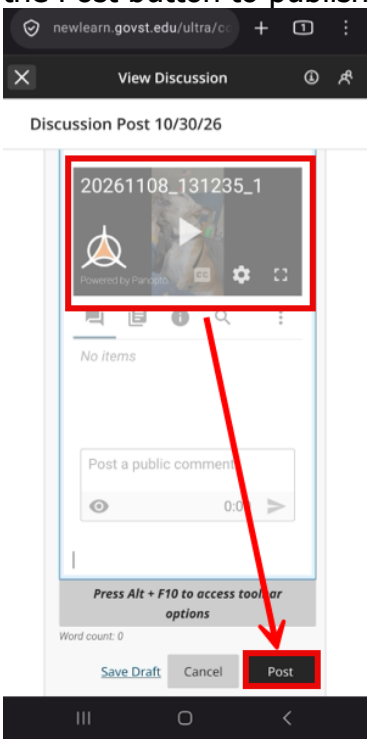

Once you receive the green checkmark, select the Insert button.

You will be directed back to the Discussion content editor, but first, a pop will prompt you to adjust the title of the video. Click the Insert button to proceed.

The Panopto video player will appear in the Discussion content editor. You may add text, if need. Otherwise, select the Post button to publish the discussion post.
