

## News from theNate

### **Lewis Manilow Common Ground Initiative – Getting Traction!**

The newly established *Lewis Manilow Common Ground Initiative* - named after the park's founder, philanthropist, and University Park and Park Forest developer - will serve as a dedicated fund to support arts education for the community. The initiative will make it possible for additional school children and youth groups to make regular visits to theNate and to learn from the experience.

A grant from the Elizabeth Morse Charitable Trust is the latest contribution to this exciting new initiative with an eye towards social justice. This gift adds to the traction the initiative is getting as it builds onto the success of our annual fundraiser, where friends and donors, inspired by our story, helped us surpass our goal of 50,000 – thank you to all our supporters, without you, none of this would be possible.

Our founder, Lew Manilow, recognized how art serves as one of our brain's organizing systems, and that one of the reasons it has survived and thrived for tens of thousands of years is that it raises our aspirations and helps us to imagine and achieve great goals. Join us to enrich the lives of those who live in the communities we serve by bringing Lew's vision to fruition.

## Winter Walk and Holiday Party Saturday, December 14

To say thank you to all our friends of theNate, we have a year-end tradition of taking a walk through the collection (a virtual tour is planned indoors in the case of inclement weather) and this year it will be followed by our Holiday Party. Meet at the F Entrance near East Lot 3 (near the GIANT yellow sculpture, Illinois Landscape, No. 5 by John Henry) at 2 p.m. The party of wine, hors d'oeuvres, and plenty of holiday cheer will follow in E Lounge / Visual Arts Gallery. There is no fee for this event, but an RSVP is requested by December 5th
