DELIVERY TYPES

REGULAR REPORT is a complete report and is normally processed with one week of receipt of your request. These reports are delivered in the next cycle requested by the college or agency, at least every two weeks.

PRIORITY REPORT is normally processed within two working days after receipt of your request, and is usually delivered 3 to 4 business days later. Priority reports are available only for institutions in the United States and include only your identifying information and scores. As a standard follow-up, your complete report is included in the next reporting cycle, at least every two weeks. Colleges that receive reports only electronically might not receive priority reports.

FEES: ALL FEES ARE PER TEST DATE FOR REPORT

If you tested after September 1, 2010:
R - Regular Report = \$11.00
P - Priority Report = \$16.00

ARCHIVED SCORES - Your record is activated if you tested before September 2010. This will require an additional 7-10 days to process.
AR - Archived Regular Report = \$32.00
AP - Archived Priority Report = \$37.00

ASR requests are processed after your tests have been scored and scores are available for reporting. Using an ASR service does not expedite the scoring of your tests.

- Use valid ACT codes only. See list on www.actstudent.org. If the college has more than one campus, you must indicate by city and state the campus to which you wish your scores sent.
- Processing will be delayed if you do not provide your Social Security number or ACT ID from your score report and test date (month and year). If you want to send scores from a month during which you tested more than once, SPECIFY the TEST LOCATION or the TYPE of test to report (e.g., National, International, School, and State).
- We will send your report to the office designated by the institution to receive all ACT scores, not to any other individual or office.
