

Governors State University
Department of Communication Disorders
Log of Clinical Clock Hours

Name: _____ **Term:** _____ **Site Supervisor:** _____

Course: CDIS 8250 _____ CDIS 8810 _____ CDIS 8820 _____ CDIS 8830 _____ **Site:** _____

Key:

<u>Time Increments</u>	<u>Age</u>	<u>Note</u>
.25 = 15 minutes	PS = Preschool	Child = 0 – 21
.33 = 20 minutes	SA = School age	Adult = 22+
1 = 1 hour	A = Adult	
	G = Geriatric (60 or over)	

Calculate and enter clinical contact hours using decimal time increments above. This is an official copy and permanent record of your clinical clock hours.			Speech Sound Production		Fluency		Voice Resonance		Swallow/Feeding		Language		Social Aspects		Cognitive Aspects		Communication Modalities		Hearing		
Date	Client initials	Age	Dx	Tx	Dx	Tx	Dx	Tx	Dx	Tx	Dx	Tx	Dx	Tx	Dx	Tx	Dx	Tx	Dx	Tx	
TOTALS																					

Supervisor's Initials: _____

NOTE: If more than one Log of Clinical Clock Hours form is used, calculate the total for each of the nine areas (e.g., Speech Sound Production, Fluency, etc.) from each page and enter these totals onto the Semester Summary of Clinical Clock Hours form in the appropriate column. Please make sure that total additions are correct. Any errors in calculations will not be credited toward the total clock hours required for graduation and will be returned.
