Practicum Project Sequence

Student's Name: _____ Term: _____

Practicum Site: _____ GSU Supervisor: _____

I anticipate that I will be conducting the research project during this practicum:

_____ Special Populations _____ Public School _____ Medical

I will follow the guidelines outlined below. I understand that failure to comply with these procedures may jeopardize my ability to successfully complete the project.

1. I will discuss my project proposal with my on-site supervisor and my GSU supervisor.
2. Following these discussions, I will complete the Practicum Project Proposal form and develop a written document to include all elements indicated on the form. I will share this with my GSU and site supervisor.
3. I will obtain written feedback from my GSU.
4. I will re-submit the proposal with the "Revisions needed"

OR

5. Following "proposal approved", I will initiate data collection and analyze the results.
6. Upon completion of the project, I will submit the completed paper. I must adhere to the APA guidelines and will include the following major sections: the Title Page, abstract, body (which includes methods, results, and discussion), and references.
7. I understand that the Practicum Project Proposal Review is a working document, and I must obtain my GSU supervisor's signature for each section, including "Final Document Approved", which indicates my GSU supervisor has had a final read of my paper.
8. Upon completion of the project, I will submit the completed paper, the signed and dated Practicum Proposal Review.
9. The faculty will review the written project and provide feedback and I will present the findings orally to my peers and faculty.
