

Master of Occupational Therapy

College of Health & Human Services

Occupational therapy is a health and human service profession. Licensed occupational therapy practitioners provide an invaluable service to individuals, groups and populations.

The Master of Occupational Therapy program at GSU prepares you to meet the increasing demands of individuals relying on your expertise to gain, regain, maintain and improve their participation in life activities and promote quality of life. You will have opportunities to be of service to others in a wide variety of practice settings – from hospitals and rehabilitation centers to schools, workplaces, private practices and community service organizations.

Comprehensive Preparation

The MOT program at Governors State University is an intensive, 78 credit hour (7semester) curriculum that provides you with the comprehensive knowledge and skills you need to take the NBCOT exam and become a licensed practicing member of the profession.

Our program places a strong emphasis on advocacy, communication, critical reasoning and lifelong learning that empower you to become a highly effective professional.

The MOT program at Governors State is fully accredited by the Accreditation Council for Occupational Therapy Education of the American Occupational Therapy Association, located at 6116 Executive Blvd, Suite 200, North Bethesda, MD 20852-4929.

To reach ACOTE by phone: 301.652.6611 or by email: www.acoteonline.org

How to Apply

Entry to the program is by application. Application information is available at www.govst.edu/chhs/mot/apply/

Application to the MOT program is through an occupational therapy centralized application service: OTCAS (<http://www.otcas.org>)

If you have questions after review of the website, contact MOT Admission Coordinator, Dr. Erin Simpson at esimpson2@govst.edu

Fact

Employment of Occupational Therapists is expected to increase by 16% between 2019-2029.
