

BACHELOR OF ARTS IN EARLY CHILDHOOD EDUCATION

Initial Licensure (Incumbent Workforce)

Candidates who want to earn a bachelor’s degree and are seeking an initial Illinois Professional Educator License in Early Childhood Education (Birth to Grade 2). Candidates must work full-time in an approved early childhood setting, such as teachers in childcare centers or as paraprofessionals in elementary schools.

Earning a degree in Early Childhood Education (ECE) prepares you for working with children from birth through second grade. At GSU, you will gain the professional knowledge and competencies needed to become a highly effective educator so you can provide your students with nurturing and safe learning environments and help make a positive difference in the lives of young children and their families. Through your studies, you will learn the educational, developmental, social, and physical needs of young children and work alongside mentor teachers who model best practices in early childhood.

Career Paths

Many doors will open for you once you earn your BA in ECE. Here are just some of the potential careers you can pursue:

- kindergarten, first, or second-grade teacher
- preschool or infant/toddler teacher
- family/parent educator or specialist
- child and family advocate
- assessment specialist
- early intervention specialist
- curriculum specialist
- education coordinator
