

University Housing Handbook 2024-2025

Welcome Home

We are excited that you have decided to join us this year as a member of our living and learning community. You've made a smart decision: there is a lot of evidence that suggests living on campus improves your chances of academic success by getting you involved in the campus community. There will be many opportunities for you to be involved through student organizations, study groups, student activities, sports, and recreation.

Prairie Place is the first residential building on the Governors State University campus. But that isn't the only thing that makes it unique. You'll have neighbors who look a lot like you or completely different from you. Students of all levels – from freshmen to doctoral candidates – live here. Community rooms and lounges, study spaces, laundry facilities, kitchens, and even a convenience store are all right here in your new home.

This Handbook is your guide to being a responsible member of the Prairie Place living and learning community. Please read it carefully. You are expected to be familiar with and follow each of the rules and regulations outlined here, as well as in the Contract for University Housing along with the [GSU Student Handbook](#), the [Educational and Administrative Policies](#), and [Board of Trustee Policies and Regulations](#) as well as federal, state and local laws. Students are expected to familiarize themselves with all applicable policies, failure to read and understand this Handbook is not accepted as an excuse for any violation of the rules and regulations.

Housing Policies & Guidelines

Only GovState students are eligible to live in the hall. Students are required to be enrolled for at least six credit hours each semester (fall and spring). Enrollment for at least three credit hours is required for summer occupancy.

All the rules and regulations in this Handbook have a common goal: to promote a safe learning environment that fosters personal responsibility and growth. Students are required to engage in responsible conduct and to model good citizenship in the community. As such, we expect you to take into consideration the impact that your conduct may have on others who live in the community. That means being observant and mindful of your surroundings at all times. If you find yourself in a situation where university policies are being violated, remove yourself. If you don't walk away from the situation, you may be held responsible as an accomplice to the violation. Suspected violations at Prairie Place should be brought to the immediate attention of the residence staff. In addition, you must also be aware of the conduct of your guests. You will be held responsible for their actions as well as your own.

1.1 General Housing Information

Room Assignments

Assignment Policy

Apartments/rooms are assigned according to the completed date of the application. The university reserves the right to assign apartments/rooms, to authorize or deny room/apartment and room/ apartment-mate changes, to consolidate single student vacancies and to require residents to move from one apartment/room to another.

Cancelling Housing Contract

If residents are withdrawing from housing (not moving due to a room change or the end of the year move out), they need to complete a Petition for Contract Release form by contacting the University Housing office. Residents who are dismissed or suspended from University Housing due to misconduct are not eligible for a refund.

Checking Out of Your Room

Any time a resident is permanently leaving a room, whether changing rooms or moving out, they need to complete a Room Condition Form with the Housing Staff. They should schedule a time with the RA to check out of the room. Residents then must turn in the key as instructed.

Room Changes

The room change process will begin 10 days after the start of the semester. Students must receive permission to change room assignments by contacting the Residence Hall Director (RHD) who will provide each student with the Room Change Request form. All paperwork must be submitted and approved prior to students changing assignments. Students that do not follow protocol for room changes will be referred to the Community Standards Process, in the Office of the Dean of Students, and may be subject to Improper Checkout charges.

Subleasing and Unauthorized Use of Room/Apartment

The student shall not: (1) sublet; (2) allow anyone to live in their apartment/room who is not assigned to it by University Housing or (3) assign this contract to any other person.

Meal Plans

GovState offers a Meal Plan program to all enrolled students. The convenient and flexible meal plan allows you to have monies specifically available for food and beverage purchases on the GovState campus dining locations which are: GovState Café or the Prairie Place C-Store. The cost of the meal plan is placed directly on your student account. Students who have sufficient financial aid funds are able to pay for the meal plan like any other charge placed on their student account. For more information about the GovState Meal Plan, please visit the [Campus Dining website](#).

Students cannot transfer funds from their Meal Plan to another student's meal plan. Students cannot give their myONECARD to someone else to use their Meal Plan. Monies not used by the end of business on December 15, 2023, will carry over to the Spring 2024 semester. Monies not used by the last day of the Spring 2023 semester will be forfeited. Per the Meal Plan Contract, students booking a fall semester meal plan automatically books a student for a spring semester meal plan.

There are three meal plan options available:

- **\$1500 Plan/semester:** Recommended for students who live in the suite-style housing units or who are living in an apartment but don't want to cook and are planning to purchase food or beverages on campus *daily*.
- **\$1000 Plan/semester:** Recommended for students who will be eating regularly on campus but don't plan to purchase food or beverages daily.
- **\$500 Plan/semester:** Recommended for students who only plan to purchase occasional meals or beverages at the café.

Commuter Student Meal Plans

Commuter students may sign up for any of the three available Meal Plan options listed above. The Commuter Students Meal Plan application can be found on the Take Care of Business Page of the student portal, under the housing menu.

Resident Meal Plans

Resident students will be assigned the \$1000/semester (silver) meal plan, according to their 2023-2024 Housing Contract. Resident students may choose to increase or decrease their Meal Plan type by emailing housing@govst.edu and stating which meal plan they prefer to increase or decrease to. Accepting the Housing Contract will result in the assignment of a Meal Plan for 2023-2024.

Billing & Insurance

Proration/Community Billing

Financial charges relating to the damage or theft of university property in the residential building are billed to the specific resident whenever such individuals can be identified.

When damage to or theft of university property in public areas of the residential building cannot be assigned to specific individuals, the charges for such damages or theft are divided equally (prorated) among residents of the specific floor where the damage is present; or to all residents when damage is in common/public areas to all (e.g., ground floor lounges or laundry).

Non-Compliance Fee

Residents moving out of their rooms, during a semester or at the end of an academic year, including breaks, are required to schedule an appointment with their RA to checkout. Any resident who fails to make an appointment

with their RA for check out may be assessed a \$50 improper check out fee. The residence hall agreement is a legally binding contract in effect for the full academic year, similar to any other standard landlord/tenant agreement.

Insurance

The University and Office of University Housing will not assume any responsibility for any persons or property of the student from any cause, nor will the University and Office of University Housing assume responsibility for any injury or damages, personal or property, while the student is a resident. You are strongly encouraged to consider carrying some form of personal insurance if your family's policy does not cover your property while it is located at the University.

You must make every effort to protect your property and that of the residential community by ensuring that doors are secured and placing belongings in containers during breaks. Each student must collaborate with their room/apartment mate to protect their property.

It is your responsibility to remove all belongings from your room/apartment at the time of checkout. Any items left behind and not claimed within 30 days will be considered abandoned property and the rightful property of the University. As such, the University may manage such property as it deems appropriate.

Repair and/or Cleaning Charges

New residents make an inspection of their suite/apartment and review a check-in sheet, along with a Resident Assistant, at the time keys are received.

University Housing will inspect each suite/apartment when it is vacated and will complete repairs and cleaning if any is required. While normal wear and tear is expected, students are responsible for damages in a suite/apartment during their occupancy. Students who are billed for damages and cleaning will be given an opportunity to appeal. If the appeal is unsuccessful, the cleaning and repair charges will become part of the balance owed.

Keys & ID Cards

ID card, Key Cards, & Metal Keys

Your GovState ID card (myONECARD) has been programmed to open the exterior door(s) of Prairie Place and the interior hallway doors leading to student living areas. Metal keys will open the apartment/suite entry door and your assigned bedroom door in the apartment units. It is your responsibility to carry your myONECARD and room key with you at all times and to never transfer their card or keys to another person for any reason. **You must be able to identify yourself using your myONECARD to University or Housing Staff upon request.**

Lock Out/Lost Key Policy

You must carry your keys with you at all times. Being responsible with your key and myONECARD is important to your safety and that of your fellow residents. Keys and myONECARD are the responsibility of the resident. Residents may not lend their keys or myONECARD to anyone.

Lock Out Procedure

1. If you are locked out of your room or apartment, you will need to locate a housing staff member (Resident Assistant, Assistant Residence Hall Director, or Residence Hall Director) to open the door for you. *Each resident is allowed two (2) lock-out incidents per semester without charge.* Beginning with the third lockout incident, you will be charged \$20 per incident. This charge will be billed to your student account.
2. You will be required to produce photo identification prior to being allowed in the apartment/room. If this is not available, the staff member will ask a series of questions to ensure that you are indeed an occupant of the room/apartment for which the lock out is being requested.

3. You will be asked to sign the Lock-Out Form. Your signature on this form affirms the following agreements:
 - a. You requested a lockout on the specific date noted.
 - b. You understand that a charge of \$20 will be assessed to your Student Account if this is your third (or more) lockout.

Lost Keys

1. The lost key should be reported immediately to the Residence Hall Director.
2. You will receive a temporary key until your room/apartment door can be re-cored and a new key issued out to you. You will be responsible for the cost of the re-core and new key. The cost of the door lock recore will be issued to your Student Account and is based on your housing assignment type.
 - a. Semi-Suite = \$125
 - b. 2-bedroom apartment = \$225
 - c. 4-bedroom apartment = \$350
3. If the temporary key is not returned in the allotted time, a charge of \$50 will be assessed to your Student Account.

myONECARD Policy

If you lose your ID card, report it immediately to the Auxiliary Services & University Housing office (C1330) or to the Prairie Place front desk so that it can be deactivated. If the card is reported lost after normal business hours or on the weekend, you will not be issued a temporary access card until the Auxiliary Services & University Housing office opens. You are responsible for the cost of replacing a lost and/or damaged ID card and/or key.

During Normal Business Hours (M-F 8:30 a.m. - 5 p.m.): If you have lost your myONECARD or have a nonfunctioning myONECARD, you will need to obtain a new card from the Office of Auxiliary Services & University Housing. A \$25 replacement fee will apply. This fee can be paid in person or assessed to your Student Account.

After Normal Business Hours: In the event that you lose your myONECARD or have a nonfunctioning myONECARD AFTER business hours, please contact a housing staff member to alert them of your lost or nonfunctioning myONECARD. You must obtain a new card from the Office of Auxiliary Services & University Housing. A \$25 replacement fee will be charged for a nonfunctioning card that is caused by negligence or intentional damage (i.e., punched hole in card) as well as a lost card. The fee can be paid in person or assessed to your Student Account. Failure to return the temporary card in the allotted time will result in an additional \$25 charge on your Student Account.

You may appeal infractions/fees in writing to the Director of Auxiliary Services & University Housing within 48 hours of notification that you have been assessed a fee for checking out a temporary key/key card and/or for not returning or picking up the key/key card by the designated time.

Mail and Package Delivery

Prairie Place residents may register with the Prairie Place Office for a mailbox for the duration of their stay in Prairie Place.

Lost Keys

1. The lost key should be reported immediately to the Residence Hall Director.
2. You will receive a temporary mailbox key until your mailbox can be re-cored and a new key issued out to you. You will be responsible for the cost of the re-core and new key. The cost of the mailbox lock recore (\$30) will be issued to your Student Account.
3. If the temporary key is not returned in the allotted time, a charge of \$25 will be assessed to your Student Account.

It is your responsibility to check and empty your mailbox often. When you receive a package, the housing staff will notify you via your GovState email. You will then have seven days (day one is considered the date the notification was emailed to you) to pick up your package or registered mail. Failure to pick up your package in seven days may result in your package being returned to the sender. Any newspapers that have not been picked up within three days will be discarded. University Housing will not be liable for any unclaimed package or piece of registered mail that is not claimed within seven days.

When students check out of Prairie Place their first-class mail will be forwarded to the permanent address of the student on file with the university as allowed by postal regulations for the remainder of the semester. It is your responsibility to contact your subscription magazines and newspaper publishers to change your address when you move out of Prairie Place. Magazines and newspapers will not be forwarded. At the completion of the semester, mail will be returned to the sender.

Campus Mail Service will not be responsible for any damage, loss or delay regarding U.S. mail en route to or from the university and its addressee. Alert anyone sending you mail or packages NOT TO SEND CASH through the mail.

Any problems experienced with mail delivery should be reported to the Residence Hall Director or the Assistant Residence Hall Director. Mechanical problems with mailboxes should be reported to the Prairie Place front desk.

Please see below on how to adjust your thermostat for both heating and cooling modes.

Standard Operation - Cooling Mode

Standard Operation - Heating Mode

1.2 Room/Apartment Upkeep

You must clean your room/apartment frequently to ensure an environment that is safe and conducive to learning. University Housing reserves the right to take corrective measures against a student for maintaining an unclean and unsafe living environment. In such cases the student may be given 24 hours to remedy the situation before action is taken.

Decorating Your Room

It's a good idea to decorate your room. That can make it unique and feel like home. Before adding personal touches, be sure to follow these guidelines:

- Use poster putty or blue painter's tape to hang items on the walls.
- Do not use screws, nails, thumbtacks, staples or strong adhesives such as duct tape, packing tape, glue or foam-type adhesive strips to attach posters and other articles to room surfaces. Use of these items can cause damage to walls, ceilings, and furnishings.
- Due to fire safety considerations and the significant amount of damage that can be done to room doors, postings on the inside or outside of doors are prohibited, unless otherwise approved by Prairie Place staff.
- Painting, drawing, or writing on any surface in the room, including the doors, with any type of marker, including dry-erase markers, is not allowed.
- The residence hall room number located on the exterior of each room door must be visible at all times.

Only UL (Underwriters Laboratories) Approved fire-resistant and noncombustible decorations may be used. All decorations must be placed in such a way that they do not interfere with a person's vision, safe passage or evacuation. No decorations or any other combustible items (including posters, wires, cables etc.) may be placed or hung in a stairway, exit routes or ceilings of any room or lounge.

Life safety devices should not be decorated or obstructed in any way. As such, it is important that an 18-inch clearance is maintained around all safety devices, including exit signs, fire extinguishers, smoke detectors, fire alarm pulls, emergency lights, audible fire signals/strobe lights, exit doors, sprinkler heads/cover plates and/or any other life safety devices. Electrical cords or lighting may not be hung around or attached to bed and door frames or placed underneath a carpet.

University Housing and the GovState Environmental Health and Safety Coordinator shall have the final authority as to what material may be used in decorations, should questions arise. Decorations in violation of university policy must be removed immediately, at the direction of the Environmental Health and Safety Coordinator or University Housing.

Alterations, Additions or Improvements to an Apartment

An alteration to an apartment can be made only after written approval is obtained from the Director of Auxiliary Services & University Housing. If you alter the apartment, without prior written approval, it will be considered damage. You will bear the cost of returning it to its original condition.

Any material added/attached to the apartment, interior or exterior, without written University approval will be considered an alteration and treated accordingly.

Candles and Incense

You may not possess candles, incense, lanterns or any similar open flame devices in your rooms. If these items are found in a room, the University Housing staff reserves the right to confiscate them and pursue disciplinary actions against the student. Candle warmers are permitted only in cases where the candle is just wax or its wick has been removed.

Ceilings/Walls/False Barriers

Residents are prohibited from affixing any object to ceiling areas. Residents are prohibited from tampering with or allowing any objects to come into contact with sprinkler heads.

Students' room should reflect the condition noted on the Room Condition Report that was filled out at time of check in. To prevent damages, care should be taken when affixing items on the walls. The use of nails, adhesive tape, glue, screws and tacks is prohibited. Students may use 3M products also known as "painter's tape" (e.g. 3M tapes, 3M hooks, or similar products) but must make sure that the items used, including the adhesive, are completely removed from the surface of the room (including windows) prior to checking out. Students are responsible for any damages to any Housing property.

For fire safety reasons, no items or objects such as tapestries or furniture, may create a false wall and block the clear view of the four walls of the room. Items may not block the main window of the room or be attached to the ceiling or affixed on the door, as they may also interfere with emergency personnel.

Christmas/Holiday Trees and Decorative Plants

Only artificial trees (excluding metallic trees) certified as fire-resistant and that are 24 inches or shorter are permitted in the residence hall. For safety reasons, students may not use live or cut trees of any kind (branches, boughs, swags, festoons, etc.). In addition, dry vegetation, such as hay, straw, leaves, corn shocks or evergreen trees and branches are not permitted in the residence hall.

Doors and Windows

Doors, windows, and window screens are not permitted to be removed at any time. Room and apartment doors must be able to be open at least 90 degrees without any obstruction.

Furnishings and Storage

All furniture must remain in assigned space. There is no storage for personal items outside of assigned room space. Residents may not tamper with room furnishings, including moving furniture from assigned spaces (bedrooms, shared lounges, etc.). Large appliances and waterbeds are not allowed in University Housing.

Painting

Students are not permitted to paint the interior of residence hall/apartment rooms or residential public areas (e.g., floor, wing, restrooms, lounges, lobbies).

Fire Hazards

Smoke Detectors & Sprinkler Heads

No items may be hung or attached to any of these devices. Additionally, covering these devices or tampering with these devices is strictly prohibited. Residents and their guests will be responsible for any damage to the sprinkler heads or ceiling tiles or water damage to any personal property which is the direct result of their actions.

Compact Refrigerators and Microwaves

You may have a personal microwave (not to exceed 1000 watts), and/or compact refrigerator (not to exceed five cubic feet) in your room. Additionally, microwaves and refrigerators must be plugged directly into a wall outlet; they are not permitted to be plugged into a surge protector or extension cord.

Due to poor ventilation and combustibility, no electrical appliances (including microwave and refrigerator) should be placed in closets, under lofted beds or behind room doors.

Electrical Appliances

Across the country, unattended electrical appliances have led to many fires in residence halls. To prevent such occurrences from happening at GovState, all appliances or heat generating devices (such as an iron) must be properly monitored at all times. Failure to do so will be considered negligent and proper disciplinary actions will be taken.

Prohibited Appliances

- Devices with open heating elements
- Space heaters

Misuse of electrical appliances by not following these guidelines is considered a fire hazard in addition to a policy violation.

Lighting

- Halogen light bulbs (used in desk lamps or free-standing lamps) are prohibited in the residence hall due to their combustibility and excessive heat.
- Torchière-style lamps, including multi-armed or flexible floor lamps, are also prohibited for safety reasons.
- The use of fluorescent light bulbs in desk lamps or free-standing lamps is permitted.
- Light fixtures or bulbs may not be covered or painted. Only UL-approved lighting sets may be used.

Extension Cords

- Extension cords must be equipped with a ground (three-pronged plug) and an inline surge protector to be used within University Housing. It is highly recommended that the proper length of surge protectors be used to ensure that extension cords are used sparingly.
- Multi-plug adapters must have power strips with a safety overload circuit breaker. Only one power strip should be plugged into an outlet at any one time. It is important to not overload the power strip or outlet.

- For safety reasons, power strips, extension cords, rope lighting and decorative light sets must be set at least 18 inches away from all combustible and flammable materials. They should not run through any door openings, be attached or wrapped to furniture or the ceiling or be covered in any way.
- Removal of any university-installed light bulbs, fluorescent tubes, etc., is not permitted. A work order may be placed in the event that a university-provided light does not work.

Trash & Recycling

All trash and refuse from apartments must be placed in dumpsters and not left in the premises or in any of the common areas, hallways or similar places in GovState Student Housing.

You **MUST NOT** deposit room or apartment trash in litter receptacles located throughout the campus since these are intended for litter, not apartment trash or garbage. You should deposit items to be recycled in the appropriately designated recycle receptacles when available. A \$25.00 service charge will be placed on your GovState account for any refuse that is left outside such your unit, placed in litter receptacles or left elsewhere on the property.

Kitchen Cleaning & Appliances

Stoves

General Cleaning Instructions – Range in your apartment:

IMPORTANT: Before cleaning, make sure all controls are OFF and the oven and stove top are cool. Always follow label instructions on cleaning products. For additional information, you can visit the Frequently Asked Questions (FAQs) section of the [Whirlpool website](#)

- Soap, water and a soft cloth or sponge are suggested first unless otherwise noted.
- To avoid damage to the cooktop controls, control panel & oven door exterior, do not use abrasive cleaners, steel-wool pad, gritty washcloths, abrasive paper towels, or oven cleaner.
- **Cooktop Knobs:** clean by pulling them off and cleaning with soap and water then replace in the “OFF” position once you are done (**DO NOT** soak the knobs, **DO NOT** remove seal under knobs)
- **Control panel and oven door exterior:** clean by applying glass cleaner to a soft cloth or sponge (not directly on the panel)
- **Exterior porcelain enamel surfaces:** Clean by using glass cleaner, mild liquid cleaner, or nonabrasive scrubbing pad. Gently clean around the model and serial number plate because scrubbing may remove numbers.
- **Burner bowls/drip pans:** To remove, push the edge of the coil element towards the receptacle. Lift it enough to clear the burner bowl. Pull the coil element straight away from the receptacle to remove. Lift out the burner bowl. Clean by washing in warm, soapy water (**DO NOT** wash chrome bowls in dishwasher). A mild abrasive cleaner and a plastic scrubber can be used to remove stubborn stains.

Using the Self-Cleaning Oven Cycle

Before you begin the Self-Cleaning Cycle:

IMPORTANT: Do not block the oven vent(s) during the Self-Cleaning cycle. Air must be able to move freely. Do not clean, rub, damage or move the oven door gasket.

- Remove the broiler pan, grid, cookware and bakeware, all cooking utensils, **oven racks** (*can be cleaned with a steel-wool pad*) and aluminum foil.
- Use a damp cloth to clean inside door edge and the 1 ½ “(3.8cm) area around the inside oven cavity frame, being certain not to move or bend the gasket.
- Remove plastic items from cooktop because they may melt.
- Remove all items from inside the oven and **storage drawer** (*storage drawer can be cleaned with a sponge and mild detergent*).
- Make sure the door is completely closed or the door will not lock and the self-cleaning cycle will not begin.

To Self-Clean [*Duration: 3 hours and 30 minutes (Last 30 minute for cool down)*]:

- To reduce accidental activation of smoke detector in apartment, open living room window to provide sufficient air circulation.
- Turn the center oven knob from OFF to SELF CLEAN. The Self-Cleaning cycle will start only if the previous setting was "Off." The oven door will automatically lock. The Oven On and Door Lock indicator lights will glow (the oven light will not function during the Self-Cleaning cycle).
- When the Self-Cleaning cycle is complete and the oven has cooled, the Oven On and Door Lock Indicator lights will turn off.
- When the oven is completely cooled, remove ash with a damp cloth. To avoid breaking the glass, do not apply a cool damp cloth to the inner door glass before it has completely cooled.
- **Note:** To stop the self-cleaning at any time, turn the center oven control knob to the OFF position. If the temperature is too high, the oven door will remain locked and the Door Lock Indicator light will glow.

Stainless Steel Sinks

To ensure adequate care is taken of the stainless steel facilities, the following steps should be followed when using and cleaning the stainless steel sinks:

- Rinse after each use with clean water, wipe with a damp cloth and dry.
- Do not allow liquid soap to dry on the stainless steel surface.
- Scour occasionally with a soft cloth and a mild household LIQUID cleanser. **DO NOT USE A POWDER CLEANSER.** Always rub with the grain lines.
- Rinse away cleanser thoroughly with clean water and wipe dry.

1.5 Safety & Security

University Housing has developed a number of programs and policies for your protection. Maintaining a safe living environment is the responsibility of all community members. In addition, the university employs a full-time 24/7 University Police Department. Safety tips and guidelines can be found through the GovState Department of Public Safety.

- All suspicious activities should be reported to the Department of Public Safety.
- Personal items such as bags and electronics should not be left unattended in public areas (i.e. lounges, classroom, etc.).
- Valuables and large amount of cash should not be kept in the student's room.

Safety Resources

Controlled Access

The student living areas in the residence hall are secured 24 hours a day, seven days a week and can only be accessed through card control. Students may access the building by using their myONECARD. All guests (including family members) must be registered at the front desk and escorted at all times while in the building. The myONECARD may not be duplicated, transferred or given to any other individual.

- Prior to opening their apartment/suite door, students should properly identify the person knocking. The door viewing hole should be used prior to opening the door.
- Residents should be vigilant and report any unescorted individuals, including solicitors, to hall staff or the Department of Public Safety.
- When walking into the building, students should be careful not to allow others to walk behind them without using their own ID cards to gain access.

Safety Escort Service

If requested, GovState Police Department provides a vehicle (visual) or walking escort to and from any vehicle or class. To request an escort, contact the Department of Public Safety at 708.534.4900, or use any red emergency phone located inside the university or blue-light phone located in each parking lot.

Security Cameras

The Department of University Housing may utilize security cameras and other surveillance equipment to monitor public areas in the halls. This technology shall be used to protect students and property. Possible uses of security equipment could include (but is not limited to) hallways, area desks, entrances, exits and prohibited/restricted areas.

General Safety Tips

In a Vehicle

- Keep your keys at hand when approaching a vehicle. Avoid searching for keys while standing near a vehicle.
- Before unlocking doors, check to make sure front, back and floor of the vehicle is unoccupied.
- Do not leave packages or purchases in plain view.
- As much as possible, park in well-lighted areas.
- Only offer or accept rides from people you know and trust.
- In the event that you are being followed, drive to the nearest police or fire station. Do not go home. Use your cell phone to call for help.

On the Street or Campus

- Be aware of your surroundings at all time. The usage of electronics such as a cell phone or mp3 player may interfere with your awareness.

- Follow your instincts and remove yourself from situations you feel are unsafe

Online Communities & Social Media

Students should be careful about the information they post on social media (as Facebook, Twitter, Instagram, SnapChat) as such information may jeopardize their safety and that of those around them. While university housing staff will not monitor students' online media presence, the department may take necessary disciplinary actions if posted pictures appear to violate residence hall and/or university policy.

Elevator Safety

In the event an elevator should malfunction, residents should use the emergency call button and wait for assistance. The emergency call button is to be pressed **ONLY** when assistance is needed.

Residents trapped in a malfunctioning elevator should never attempt to exit without assistance from building maintenance staff or outside emergency assistance. Under no circumstances should an individual attempt to exit by prying open the doors or crawling out of the elevator.

Vandalism and horseplay (tampering with doors and control panels, jumping, rocking, etc.) will not be tolerated and may result in disciplinary action. Never overload an elevator. The maximum number of persons and weight capacity must be strictly followed.

Missing Persons Policy

Under federal law, the resident has the right to confidentially register with University Housing the name and contact information of an individual that resident would like to be contacted (within twenty-four (24) hours) if it is determined that Resident is missing from the campus and/or Resident's whereabouts are unknown for a period of twenty-four (24) hours or more.

Needles and Syringes

Hypodermic needles and syringes must **ONLY** be disposed of in an appropriate waste container, which are located in each of the public restrooms on the 1st floor of Prairie Place. When full, the RHD will contact the GovState Environmental Health and Safety Coordinator to ensure the container is disposed of safely.

1.6 Emergency Procedures

Emergencies

GovState is equipped with emergency telephones that automatically ring to the Police Department 24 hours a day. The emergency telephones are either yellow or red.

- Push and release the red button to activate a two-way emergency response call to a Public Safety Dispatcher. Press the black button to release (terminate) call.
- Dialing 4900 on any ivory-colored phone inside the university automatically connects you to the department without dialing, or go to room C1375 twenty-four (24) hours a day.
- Emergency 9-1-1- is accessible from any phone on campus;
- Just like any other city's 911 system, a computer displays the caller's location if they cannot communicate with the operator. Dialing 911 from a cell phone while on campus will also connect the caller to the University Park Police Department.
- There are "blue light phones" around campus in parking lots and alongside walkways. In addition to 911, there is a list of useful numbers posted at each of these phones. They can also dial any number on campus.

Emergency Notifications

In the event of a campus emergency, students are automatically subscribed to receive messages through the Rave emergency notification system. The system will use students' current directory information. Students may check

their contact information under Academic Profile and My Profile in the portal. If the information is incorrect the student must contact the Registrar's office at 708.534.4500 or regoffice@govst.edu.

Tornado and Severe Weather Procedures

The Department of Auxiliary Services and University Housing along with the entire University community has developed notification and emergency procedures in the event of severe weather or tornadoes. Severe weather may lead to tornadoes. GovState's Department of Public Safety will alert the campus if a tornado has been spotted in the area or a Tornado Warning has been issued. Notification will be provided through local television stations, local news radio stations, and NOAA weather radio. Local governments may activate outdoor sirens, but students who are in doors may not be able to hear them.

Tornado/Severe Weather Watch

When a **watch** has been issued, conditions are right for a tornado to develop. Be prepared to take shelter and keep informed of the latest storm conditions.

Tornado Warning

Tornado warning means a tornado has been sighted and confirmed in the area. Take cover immediately on the first floor of the building within the residential hallways, away from the lobby entrance. Close all apartment doors and keep exit doors shut. If corridors are at capacity, residents in first floor apartments or semi-suites can alternately shelter in restrooms, provided door is closed tight. **If possible, residents should take shoes and blankets with them to shelter areas. The GovState Department of Public Safety will issue an "all clear" message when the danger has passed and it is safe to exit the shelter areas.**

Taking Cover

Students must always use the stairways rather than elevators; in the event of power failure, elevators could stop between floors. If there is strong enough wind, which could break glass in stairwells, students must return to the closest corridor (inside walls, away from glass) and protect themselves from flying debris.

Tornado Shelter Locations

Prairie Place 1st floor long hallways and interior bathrooms.

Fire Evacuation Procedure

NOTICE: A person, who intentionally causes a false alarm or false warning of a crime, fire or catastrophe, when such report is known to be false, is guilty of Disorderly Conduct. This also includes utilizing the Emergency Fire Exit Doors, or causing them to alarm, when such report is known to be false. Pulling a fire alarm is considered a type 4 felony under Illinois law. Transmitting or causing to be transmitted a false alarm of a threat or impending destruction, such as a bomb threat, is a Class 3 felony, for which a fine of not less than \$3,000 and no more than \$10,000 shall be assessed in addition to any other penalty imposed.

In compliance with state law and university housing policy, students must leave the building whenever a fire alarm is sounded. Failure to do so will result in disciplinary charges. The following evacuation directions should be followed:

Walk to the nearest exit. **DO NOT** run or panic. Do not take the elevators, take the stairs.

1. If you are inside a building or your room, feel the door with the back of your hand before opening it. **If the door is hot, do not open it.**

 - b. Place an article of clothing or other obstruction along the bottom of the door to keep smoke out.
 - c. Move as far away from the door and heat source as possible.
 - d. Wait for the rescue personnel to arrive.

 - d. In case of an actual fire, warn the neighboring apartments that are along your path of evacuation.
 - e. Do NOT attempt to extinguish the fire.
 - f. All occupants should remain outside the building until the Fire Department determines it is safe to re-enter the apartment building.
3. If you hear a smoke detector alarm coming from another apartment/suite:
 - a. Check the apartment for smoke or actual fire. Call Department of Public Safety (DPS) at (708) 235-4900 or notify a Resident Assistant and the front desk whether there is a fire or not.
 - b. If the smoke detector is sounding in an occupied apartment/suite, check the apartment/suite by banging on the door or walls, by yelling, etc. to determine if the occupants have evacuated the apartment and/or are safe. Then find the closest phone and dial 911. State your name, floor and apartment number, and the location where the fire alarm is sounding.
 - c. Evacuate the building, warning the neighboring apartments that are along your path of evacuation. Move a safe distance away (across the street or drive), so you will not be in the way of the Fire Department.
 - d. All occupants should remain outside the building until the Fire Department determines it is safe to reenter the building.
4. If inside a building or your room, and you feel **the door is not hot**:

 - b. Slowly open the door while standing behind it. Close doors behind you to contain the fire area.
 - c. If no danger is present, proceed to the nearest exit. If the fire alarm has not been activated, do so as you proceed toward the exit.
 - d. If the area is filled with smoke, stay low or crawl to the nearest exit.
 - e. Use red emergency phones located in stairwells and throughout campus if medical aid or assistance is required. Be prepared to give your location and the nature of the problem.
 - f. Exit the building and proceed to a staging area outside, away from the building. Do not obstruct roadways or the movement of emergency personnel. Remain in the staging area until notified by DPS personnel or other designated authority that the building is clear to re-enter.

Dry Powder Fire Extinguisher

To operate the dry powder fire extinguisher:

1. Remove the fire extinguisher from the holding bracket.
2. Pull the safety release pin near the top of the fire extinguisher. (This pin may be held in place with a breakable plastic strap.)
3. Aim the nozzle of the fire extinguisher at the base of the flames.
4. Squeeze the handles together to discharge the dry powder.
5. Sweep slowly back and forth across the fire with the dry powder stream.

To check the dry powder fire extinguisher:

1. Examine the circular pressure gauge located near the top of the fire extinguisher.

2. If the indicator needle on this pressure gauge is in the center position or slightly to the overcharged position, the fire extinguisher should operate correctly.
3. If the indicator needle on this pressure gauge is into the recharge position, the fire extinguisher may not function correctly.

Notify a University Housing staff member or contact University Housing, 708.235.7110, if the fire extinguisher pressure gauge indicator needle is into the recharge position or if the needle is well into the overcharge position.

Power Outage

In the event of a power outage, university staff will make frequent rounds until the power returns. Students should stay in their rooms/apartment and remain calm. A power outage does not alter the policies on candle burning or the use of open flame devices in the residence hall.

Temporary Campus Closing

In the rare event that there is a forced closure of the university, students will be expected to follow all evacuation timelines. Students may need to pack their belongings, prepare their room as instructed and make arrangements for their travel away from campus. University Housing may provide short-term, temporary shelter for students who are unable to travel due to extreme hardships. Students are expected to follow all check out procedures.

1.7 Residential Code of Conduct

Overview & Applicability

University Housing is committed to supporting the mission of Governors State University by providing an environment that promotes student learning and safety for all residential students. To accomplish this goal, University Housing has developed the following policies and procedures to protect the rights of members of the residential community, both individually and collectively. The Residential Code of Conduct is a supplement to the Student Code of Conduct in order to address situations and incidents that occur within University Housing. The Residential Code of Conduct applies to all residential students and their guests, including individuals found in their room/apartment whether or not they granted access to or signed the guest(s) in themselves.

The following policies are not intended to define misconduct in exhaustive or exclusive terms and students are expected to adhere to other rules/regulations listed elsewhere in the University Housing Handbook. The use of alcohol or drugs will not be considered a mitigating circumstance for any violations.

Students should familiarize themselves with these policies as well as the Student Code of Conduct (University Policy 4), and all established policies and procedures at GovState. More information concerning the Student Code of Student Conduct can be found in the [Student Handbook](#). In addition, information on campus Clery Crime Statistics can be found by clicking [here](#).

Reporting

Violations of the Residential Code of Conduct will typically be documented by a member of the University Housing staff such as a Resident Assistant (RA), Assistant Residence Hall Director (ARHD), and Residence Hall Director (RHD). However, any member of the GovState community may report potential violations of the Student and/or Residential Code of Conduct. To report a concern, complete the Incident Report Form published on the GovState Portal. All reports will be reviewed by University Housing and/or the Office of the Dean of Students to determine if a possible violation of the Student and/or Residential Code of Conduct.

Specific procedures including notification, hearings, sanctions, appeals are published in the Student Handbook online at www.govst.edu/handbook/.

Interim Suspension / Removal from University Housing

The Director of Auxiliary Services & University Housing or their designee in consultation with the Dean of Students may remove or temporarily suspend a student from university housing pending a hearing, if sufficient facts indicate that the student presents a threat to themselves, or to others, or to the normal operations of the GovState community. Interim measures do not replace the hearing process, which will be scheduled at the earliest possible convenience.

If the problem is not resolved, the issue may be reported to a University Housing staff member.

Determining Reasonable/Unreasonable Noise Levels

Criminal History Disclosure

Governors State University and the Office of University Housing are committed to maintaining a safe environment for all members of the campus community. As such, the campus requires housing applicants who are currently charged with a crime or who have been convicted of a crime (other than a routine traffic offense) to disclose this information as a mandatory step in the housing process.

All housing applicants must complete the criminal history section of the housing application to indicate whether or not they have ever been convicted of a criminal offense or have criminal charges pending against them. Students, who answer in the affirmative, must explain their criminal history in the space provided on the application. The university reserves the right to request additional information and/or run a complete criminal background check on students who disclose a criminal history in order to promote the health and safety of the college community.

A previous conviction or pending charges does not automatically bar residency in university housing but does require review and university approval prior to granting housing and making an assignment. When an applicant discloses criminal history, University Housing in consultation with the Office of the Dean of Students and the Office of Public Safety will determine whether the disclosed criminal history or charges pose a threat to the residential community. A student reporting pending criminal charges may not be permitted to live on campus until the pending charges are resolved. The disposition of charges will guide the university's ultimate decision regarding living on campus.

If it is determined that a student cannot live in university housing because of criminal history, University Housing will communicate this information in writing directly to the student. Entering Prairie Place as a guest may be restricted.

If the determination is made to allow a student with criminal history to live in university housing, the student's history will not be used adversely in the housing assignment process. A student's criminal history information can be activated in accordance to the University's Criminal History Background Procedures. Please refer to the mentioned procedure for more information.

Failure to disclose criminal history or pending charges, failure to provide information on criminal charges or convictions after the date of the housing application, or providing incomplete or false information on the housing application may lead to disciplinary action up to and including immediate dismissal from University Housing, and in addition, a referral to the Community Standards Office for discipline.

Voluntary Withdrawal

A student may request and be considered for an emergency or medical leave when extraordinary circumstances, such as a serious illness, injury, or hospitalization prevents the student from continuing classes. The severity and duration of the problem must be such that it would not be reasonable to expect the student to be able to make up the missed work. The [Emergency & Medical Leave process](#) covers both physical and mental health issues as well as military deployment. For more information, please contact the [Office of Dean of Student](#).

Involuntary Withdrawal

Below is the policy that will guide the University's response to situations where a student's behavior poses a direct threat to the campus community.

In rare cases, students whose behavior poses a direct threat to the campus community may be removed from housing following the review by the [Campus Threat Assessment Team](#).

Return After Voluntary or Involuntary Withdrawal

A student who wishes to return after a removal or voluntary withdrawal will be referred to the Office of the Dean of Students (academic and residential placement will be considered) to initiate the re-entry process. The student will be required to meet with a staff member from the Counseling Center to determine if the student remains a danger to self or others. If the student is found to be eligible to return, Office of the Dean of Students will initiate an ongoing supportive plan to encourage the student's successful re-entry and adjustment to the GovState campus community.

In cases where a resident has been removed or voluntarily withdrawn from the residence hall, guidelines for reinstatement will be given at the time of removal or withdrawal. These guidelines will be determined by the Office of the Dean of Students in consultation with University Housing and the appropriate Counseling Center staff.

Questions about mandated assessment and withdrawal should be referred to the Office of the Dean of Students.

Anti-Discrimination and Harassment Governors State University (GovState) has committed itself, unequivocally, to ensuring a working and learning environment in which the dignity of every individual is respected. GovState is committed to providing an environment for employees, students, and campus visitors that is free from illegal harassment based on race, color, religion, ethnicity, national origin, sex, sexual orientation, age, marital status, parental status, disability, veteran status or any other basis prohibited by law.

Sexual Assault & Harassment

Title IX is the federal law that prohibits discrimination on the basis of sex in any federally funded education program or activity. The State of Illinois has also adopted legislation prohibiting discrimination and harassment on the same grounds. As required by state and federal law, GovState policy also prohibits discrimination in all University activities and programs on the basis of an individual's actual or perceived sex, gender, gender identity, gender expression, and/or sexual orientation. Any form of sexual harassment, including sexual assault, sexual violence, domestic/dating violence, and stalking, is a violation of [University Policy 78](#) and the Code of Student Conduct. In addition to facing University consequences, those who engage in such activities may also be prosecuted criminally.

GovState takes its commitment to maintaining an educational environment free from sexual harassment and assault very seriously. We will investigate complaints and take prompt action to stop harassment when it occurs and to remedy its effects. If you experience sexual harassment or assault or know someone who has, we encourage you to report it so that we can help maintain a work and academic environment free of any such conduct.
