*Reaching Vision 2020* Strategic Plan-Dual Degree Program and Transfer Initiatives (v. June, 2019)
- Morton College: connected GSU Admissions with group of students looking to visit campus.
- Provided list of DDP liaisons and supporters from community college campuses to Admissions for the purpose of extending an invitation to GSU’s Articulation Summit

- In addition to working with Steve Hyzny for the Triton College extension, the DDP Director attended Joliet Junior College’s “Partner Potluck”, along with Diane Urbanczyk, Transfer and Articulation Coordinator. The potluck was a meeting between the Chair of Technology Programs at JJC, and GSU, to make sure both lower division and upper division coursework were aligned and ensure transferability.

| Analysis of Results | Due to the activities above, DDP has increase Morton College enrollment significantly, and GSU/DDP has doubled its presence at the remote campuses. While it can be beneficial for both a DDP and GSU representative to be present at certain events, it is more beneficial to allow for solo visits and therefore increase the amount of days a DDP or GSU rep is on campus.

Multiple transfer guides for JJC-to-GSU have also now been updated; the lower division coursework at JJC was also impacted, as the faculty chair reflected on areas where there has been overlap in instruction that can be eliminated and help student transfer without repeating concepts in coursework. |
