Divisional Directory ........................................................................................................................ 12
The Division of Student Affairs and Enrollment Management constitutes a team of dedicated student affairs educators and enrollment management professionals working with one common purpose—advancing the Governors State University mission by promoting the academic, personal, and professional development of our students and inspiring them to be responsible citizens and leaders, both on campus and in their communities.

At a transformative time for Governors State University, the division aspires to be recognized as a vital contributor in creating an inclusive, supportive, and engaged campus community focused on student success. Articulating that contribution through our strategic planning process is critical to ensuring we serve our students and our community by fulfilling our mission.

This updated Reaching Vision 2020 plan includes revised strategic focus areas based on progress made since 2015 and a gap analysis of work to be done as we conclude Reaching Vision 2020. Among our many accomplishments to date, we are pleased to highlight:

- **Academic Resource Center**: Launched mid-term grades (2016) and Starfish (2017), an early alert and outreach platform, with strong faculty adoption.
- **Athletics and Recreational Activities**: In only its second year of competition, the Men’s Basketball team captured the Chicagoland Collegiate Athletic Conference (CCAC) regular season and tournament titles.
- **College Pathways Program**: With support of the Kresge Foundation, launched an innovative program with Crete-Monee High School to improve college readiness and encourage baccalaureate degree attainment in high potential students.
- **Dual Degree and Transfer Student Programs**: Nearly 90% of the DDP students who have completed their associate degree and enrolled at GSU have graduated, transferred, or are still enrolled and pursuing their degrees.
- **Health and Student Counseling Center**: Through a partnership with Advocate Healthcare, GSU launched a health center in conjunction with expanded counseling services.
- **New Student Programs**: With the coordinated institutional efforts and campus-wide support, first-year students entering in fall 2017 earned an average 2.36 GPA, the highest average first GPA since the admission of first-year students in fall 2014.
- **Student Advocacy**: Launched GSU4U, an initiative by the Office of the Dean of Students (ODOS), to strengthen support for student success. GSU4U connects students to campus and community resources when they are facing personal difficulties, such as food and housing insecurity. In its first year, GSU4U has trained more than 50 faculty and staff ambassadors and helped more than 100 students apply for SNAP benefits.
- **Student Involvement and Civic Engagement**: Student organizations grew from 61 (2012–13) to 87 (2016–17); student engagement in program attendance grew from 8,893 (2012–13) to 22,902 (2016–17); community service hours grew from 1,135 (2014–15) to 5,246 (2016–17); and started new programs and traditions including the Male Success Initiative and Homecoming, and opened the Center for Civic Engagement and Community Service.

A good strategic plan is a living document. Since 2015, Reaching Vision 2020 has provided us with focus and accountability, creating opportunities and possibilities for our division, while ensuring we keep our eye on our contributions to GSU’s Vision 2020. As we near the end of our plan’s implementation, we also focus on the future, and, most notably, build on our momentum as we prepare for Strategy 2025.
